GENERAL INFORMATION63

INTRODUCTION

This document, effective March 1, 2013, is a description of Richardson Medical Center Employee Health Plan (the Plan). No oral interpretations can change this Plan. The Plan described is designed to protect Plan Participants against certain catastrophic health expenses.

Coverage under the Plan will take effect for an eligible Employee and designated Dependents when the Employee and such Dependents satisfy the Waiting Period and all the eligibility requirements of the Plan.

The Employer fully intends to maintain this Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue or amend the Plan at any time and for any reason.

Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, deductibles, maximums, copayments, exclusions, limitations, definitions, eligibility and the like.

The Plan believes that it is a "grandfathered" health plan under the Patient Protection and Affordable Care Act ("Health Care Reform"). As permitted by Health Care Reform, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that the Plan may not include certain consumer protections of Health Care Reform that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections under Health Care Reform such as the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Failure to follow the eligibility or enrollment requirements of this Plan may result in delay of coverage or no coverage at all. Reimbursement from the Plan can be reduced or denied because of certain provisions in the Plan, such as coordination of benefits, subrogation, exclusions, timeliness of COBRA elections, utilization review or other cost management requirements, lack of Medical Necessity, lack of timely filing of claims or lack of coverage. These provisions are explained in summary fashion in this document; additional information is available from the Plan Administrator at no extra cost.

The Plan will pay benefits only for the expenses incurred while this coverage is in force. No benefits are payable for expenses incurred before coverage began or after coverage terminated. An expense for a service or supply is incurred on the date the service or supply is furnished.

No action at law or in equity shall be brought to recover under any section of this Plan until the appeal rights provided have been exercised and the Plan benefits requested in such appeals have been denied in whole or in part.

If the Plan is terminated, amended, or benefits are eliminated, the rights of Covered Persons are limited to Covered Charges incurred before termination, amendment or elimination.

This document summarizes the Plan rights and benefits for covered Employees and their Dependents and is divided into the following parts:

Eligibility, Funding, Effective Date and Termination. Explains eligibility for coverage under the Plan, funding of the Plan and when the coverage takes effect and terminates.

Schedule of Benefits. Provides an outline of the Plan reimbursement formulas as well as payment limits on certain services.

Benefit Descriptions. Explains when the benefit applies and the types of charges covered.

Cost Management Services. Explains the methods used to curb unnecessary and excessive charges.

This part should be read carefully since each Participant is required to take action to assure that the maximum payment levels under the Plan are paid.

Defined Terms. Defines those Plan terms that have a specific meaning.

Plan Exclusions. Shows what charges are **not** covered.

Claim Provisions. Explains the rules for filing claims and the claim appeal process.

Coordination of Benefits. Shows the Plan payment order when a person is covered under more than one plan.

Third Party Recovery Provision. Explains the Plan's rights to recover payment of charges when a Covered Person has a claim against another person because of injuries sustained.

Continuation Coverage Rights Under COBRA. Explains when a person's coverage under the Plan ceases and the continuation options which are available.

ERISA Information. Explains the Plan's structure and the Participants' rights under the Plan.

SCHEDULE OF BENEFITS

Verification of Eligibility (800) 255-8730

Call this number to verify eligibility for Plan benefits **before** the charge is incurred.

MEDICAL BENEFITS

All benefits described in this Schedule are subject to the exclusions and limitations described more fully herein including, but not limited to, the Plan Administrator's determination that: care and treatment is Medically Necessary; that charges are Usual and Reasonable or, for claims under the Claim Review and Audit Program, charges are within the Applicable Plan Limits; that services, supplies and care are not Experimental and/or Investigational. The meanings of these capitalized terms are in the Defined Terms section of this document.

Only a general description of health benefits covered by this Plan is included in this document. A more detailed schedule of coverage is available to any Plan Participant, at no cost, who requests one from the Plan Administrator.

Note: The following services must be precertified or reimbursement from the Plan may be reduced.

**Hospitalizations
MRI/CAT scans
Inpatient Substance Abuse/Mental Disorder treatments
Durable Medical Equipment
Physical, speech and/or occupational therapy
Cardiac rehabilitation therapy
Outpatient surgical procedures**

The attending Physician does not have to obtain precertification from the Plan for prescribing a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours or less for a cesarean delivery.

Please see the Cost Management section in this booklet for details.

Please read the sections Alternate Treatment and Predetermination of Benefits in the Dental Plan. You will need to follow these sections or reimbursement from the Plan may be reduced.

The Plan is a plan which contains Preferred Providers and a Network Provider Organization.

Preferred Providers:

Primary: Richardson Medical
Secondary: St. Francis Medical Center

PPO name: PPOPlus, L.L.C.
Address: P.O. Box 90802
Lubbock, Texas 79408-8802
Telephone: (888) 956-1180

This Plan has entered into an agreement with certain Hospitals, Physicians and other health care providers, which are called Preferred or Network Providers. Because these Providers have agreed to charge reduced fees to persons covered under the Plan, the Plan can afford to reimburse a higher percentage of their fees.

Therefore, when a Covered Person uses a Preferred or Network Provider, that Covered Person will receive better benefits from the Plan than when a Non-Network Provider is used. It is the Covered Person's choice as to which Provider to use.

Under the following circumstances, the higher In-Network payment will be made for certain Non-Network services:

If a Covered Person has no choice of Network Providers in the specialty that the Covered Person is seeking within the PPO service area.

If a Covered Person is out of the PPO service area and has a Medical Emergency requiring immediate care.

If a Covered Person is referred to a Non-Network Provider by an In-Network Provider.

Additional information about this option, including any rules that apply to designation of a primary care provider, as well as a list of Network Providers, will be given to Plan Participants, at no cost, and updated as needed. This list will include providers who specialize in obstetrics or gynecology.

Deductibles/Copayments payable by Plan Participants

Deductibles/Copayments are dollar amounts that the Covered Person must pay before the Plan pays.

A deductible is an amount of money that is paid once a Calendar Year per Covered Person. Typically, there is one deductible amount per Plan and it must be paid before any money is paid by the Plan for any Covered Charges. Each January 1st, a new deductible amount is required. Deductibles do not accrue toward the 100% maximum out-of-pocket payment.

A copayment is the amount of money that is paid each time a particular service is used. Typically, there may be copayments on some services and other services will not have any copayments. Copayments do not accrue toward the 100% maximum out-of-pocket payment.

MEDICAL BENEFITS SCHEDULE

	PRIMARY PREFERRED HOSPITAL & PROVIDERS (Richardson Med Ctr)	SECONDARY PREFERRED HOSPITAL (St. Francis Med Ctr)	NETWORK PROVIDERS (PPOPlus)	NON-NETWORK PROVIDERS
MAXIMUM ANNUAL BENEFIT AMOUNT	\$1,250,000			
Note: The maximum listed below are the total for Network and Non-Network expenses. For example, if a maximum of days is listed twice under a service, the Calendar Year maximum is 60 days total which may be split between Network and Non-Network providers.				
DEDUCTIBLE PER CALENDAR YEAR				
Per Covered Person	\$100	\$500	\$1000	\$2000
The Calendar Year deductible is waived for the following charges: - Emergency Room - Office Visits other than out-of-network				
COPAYMENTS				
Physician Visits	\$20	\$50	\$50	N/A
Emergency Room	\$100	\$100	\$100	\$100
CT Scan	\$200	N/A	N/A	N/A
MRI	\$250	N/A	N/A	N/A
The Emergency Room copayment is waived if the patient is admitted to the Hospital on an emergency basis. The utilization review administrator, Self-Insured Solutions, must be notified at (866) 372-8691 within 24 hours of the admission, even if the patient is discharged within 24 hours of the admission. Copayment includes all Hospital charges related to the life or limb threatening emergency.				
MAXIMUM OUT-OF-POCKET AMOUNT, PER CALENDAR YEAR				
Per Covered Person	\$1000	\$2000	\$2500	None
The Plan will pay the designated percentage of Covered Charges until out-of-pocket amounts are reached, at which time the Plan will pay 100% of the remainder of Covered Charges for the rest of the Calendar Year unless stated otherwise.				
The following charges do not apply toward the out-of-pocket maximum and are never paid at 100%: Deductible(s) Cost containment penalties Copayments Amounts over Usual and Reasonable Charges				
COVERED CHARGES	RMCH EXCLUSIVE PROVIDERS	PREFERRED HOSPITAL (St. Francis Med Ctr)	NETWORK PROVIDERS	NON-NETWORK PROVIDERS
Supplementary Accident Charge Benefit				
Maximum benefit per accident.....first \$300, payable at 100% deductible waived				
Emergency Room Visit				
Medical Emergency	100% after copayment	80% after copayment	70% after copayment	70% after copayment
Hospital Services				
Room & Board	100% of semiprivate room rate after deductible	80% of semiprivate room rate after deductible	70% of semiprivate room rate after deductible	50% of semiprivate room rate after deductible
Intensive Care Unit	100% of ICU charges after deductible	80% of ICU charges after deductible	70% of ICU charges after deductible	50% of ICU charges after deductible
Skilled Nursing Facility	100% of semiprivate room rate after deductible within 14 days of a 3 day hospital stay	80% of semiprivate room rate after deductible within 14 days of a 3 day hospital stay	70% of semiprivate room rate after deductible within 14 days of a 3 day hospital stay	50% of semiprivate room rate after deductible within 14 days of a 3 day hospital stay

MEDICAL BENEFITS SCHEDULE

	PRIMARY PREFERRED HOSPITAL & PROVIDERS (Richardson Med Ctr)	SECONDARY PREFERRED HOSPITAL (St. Francis Med Ctr)	NETWORK PROVIDERS (PPOPlus)	NON-NETWORK PROVIDERS
Physician Services				
Inpatient Visits	100% after deductible	80% after deductible	70% after deductible	50% after deductible
Office Visits	100% after copay	80% after copay	80% after copay	50% after deductible
Surgery	100% after deductible	80% after deductible	80% after deductible	50% after deductible
Allergy Testing	N/A	80% after deductible	80% after deductible	50% after deductible
Allergy Serum and Injections	N/A	80% after deductible	80% after deductible	50% after deductible
Diagnostic Testing (X-Ray & Lab) Outside of Doctor's Office	100% after deductible	80% after deductible	80% after deductible	50% after deductible
CT Scan	100% after \$200 copay	80% after deductible	70% after deductible	50% after deductible
MRI	100% after \$250 copay	80% after deductible	70% after deductible	50% after deductible
Home Health Care	100% after deductible 40/visits/Calendar Year	80% after deductible 40/visits/Calendar Year	70% after deductible 40/visits/Calendar Year	50% after deductible 40/visits/Calendar Year
Out-Patient Private Duty Nursing	N/A	N/A	80% after deductible 180 days inpatient and outpatient lifetime max.	50% after deductible 180 days inpatient and outpatient lifetime max.
Hospice Care	N/A	80% after deductible 180 days inpatient and outpatient lifetime max	70% after deductible 180 days inpatient and outpatient lifetime max.	50% after deductible 180 days inpatient and outpatient lifetime max.
Ambulance Care	80% after \$50 copay	80% after \$50 copay	80% after \$50 copay	80% after \$50 copay
Jaw/Joint TMJ	N/A	80% after deductible \$1000 lifetime max.	80% after deductible \$1000 lifetime max.	50% after deductible \$1000 lifetime max.
Wig after Chemotherapy	N/A	N/A	80% after deductible \$500 lifetime max.	80% after deductible \$500 lifetime max.
Occupational Therapy	100% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management.	80% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management	70% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management	N/A
Physical Therapy	N/A	80% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management	70% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management	N/A
Speech Therapy	N/A	80% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management	70% after deductible, 20 visits/Calendar Year Additional visits subject to Case Management	N/A
Durable Medical Equipment (6-months rental price vs. purchase price)	N/A	80% after deductible, plus \$100 additional deductible	80% after deductible, plus \$100 additional deductible	50% after deductible, plus \$100 additional deductible

MEDICAL BENEFITS SCHEDULE

	PRIMARY PREFERRED HOSPITAL & PROVIDERS (Richardson Med Ctr)	SECONDARY PREFERRED HOSPITAL (St. Francis Med Ctr)	NETWORK PROVIDERS (PPOPlus)	NON-NETWORK PROVIDERS
Prosthetics	N/A	80% after deductible	80% after deductible	50% after deductible
Orthotics	N/A	80% after deductible	80% after deductible	50% after deductible
Mental Disorders				
In-patient	N/A	80% after deductible	80% after deductible	50% after deductible
Out-patient	N/A	80% after deductible	80% after deductible	50% after deductible
Substance Abuse				
In-patient	N/A	80% after deductible	80% after deductible	50% after deductible
Out-patient	N/A	80% after deductible	80% after deductible	50% after deductible
Preventive/Wellness/ Routine Care				
Includes: office visits, pap smear, mammogram, prostate screening, gynecological exam, routine physical exam, x-rays, laboratory tests, hearing tests, immunizations/flu shots, colonoscopies, bone density scans, stress tests and sigmoidoscopies...all subject to National Health Guidelines.				
Routine Well Adult Care(1)	100% after copay	100% after copay	100% after copay	100% after copay

Routine Well Newborn Care	100% after copay	100% after copay	100% after copay	100% after copay
Mammograms	Annually paid at 100% at Richardson Medical Center, St. Francis and Network Providers			
Organ Transplants	N/A	80% after deductible	70% after deductible	50% after deductible
Pregnancy (2)	N/A	80% after deductible	70% after deductible	50% after deductible
<p>Note: (1) Routine Well Adult Care is for employees and adult dependents age 19 and over. (2) Dependent daughters are not covered for pregnancy.</p>				

Prescription Drug Program

PRESCRIPTION DRUGS ARE NOT A COVERED BENEFIT UNDER THIS HEALTH PLAN.

Prescription Drugs are an employee benefit. All Employees and their dependents are eligible for these benefits regardless of enrollment in the Plan.

(The benefits below can only be accessed at the Richardson Medical Center Pharmacy)

1. Eligible Member pays Pharmacy cost plus 10% up to an out-of-pocket prescription expense of \$1,000.
2. Eligible Member pays 50% of cost for any out-of-pocket prescription expense over \$1,000 and up to \$2,000.
3. Eligible Member pays 30% of cost for any out-of-pocket prescription expense over \$2,000.

ELIGIBILITY, FUNDING, EFFECTIVE DATE AND TERMINATION PROVISIONS

A Plan Participant should contact the Plan Administrator to obtain additional information, free of charge, about Plan coverage of a specific benefit, particular drug, treatment, test or any other aspect of Plan benefits or requirements.

ELIGIBILITY

Eligibility Requirements for Employee Coverage. A person is eligible for Employee coverage from the first day that he or she:

- (1) is a Full-Time, Active Employee of the Employer. An Employee is considered to be Full-Time if he or she normally works at least 30 hours per week and is on the regular payroll of the Employer for that work.
- (2) completes the employment Waiting Period of 90 consecutive days as an Active Employee. A "Waiting Period" is the time between the first day of employment as an eligible Employee and the first day of coverage under the Plan. The Waiting Period is counted in the Pre-Existing Conditions exclusion time.

Eligible Classes of Dependents. A Dependent is any one of the following persons:

- (1) A covered Employee's Spouse.

If the spouse is employed or retired, and is eligible to enroll in his or her employer sponsored medical plan, then the spouse is not eligible for enrollment in the Plan. The Plan Administrator will require documentation proving that employer sponsored coverage is not available to an actively employed or retired spouse before coverage under the Plan begins. Medicare is not considered retiree coverage.

The term "Spouse" shall mean the person recognized as the covered Employee's husband or wife under the laws of the state where the covered Employee lives or was married, and shall include common law marriages. The term "Spouse" shall not include partners of the same sex who were legally married under the laws of the State in which they were married. The Plan Administrator may require documentation proving a legal marital relationship.

- (2) A covered Employee's Child(ren) or Qualified Dependent(s).

An Employee's "Child" or Qualified Dependent includes his natural child, stepchild, foster child, adopted child, or a child placed with the Employee for adoption, a child for who the Employee is a Legal Guardian who resides in the Employee's household may also be included as long as a natural parent remains married to the Employee and also resides in the Employee's household. An Employee's Child or Qualified Dependent will be an eligible Dependent until reaching the limiting age of 26, without regard to student status, marital status, financial dependency or residency status with the Employee or any other person.

However, for Plan Years beginning before January 1, 2014, an Employee's Child is not an eligible Child if the Child is eligible to enroll in an employer-sponsored health plan other than the group health plan of a parent of the Child.

The phrase "placed for adoption" refers to a child whom the Employee intends to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by such Employee of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

(3) A covered Employee's Qualified Dependents.

The term "children" shall include natural or adopted children, children for who the Employee is a Legal Guardian who reside in the Employee's household may also be included as long as a natural parent remains married to the Employee and also resides in the Employee's household.

To be eligible for Dependent coverage under the Plan, a Qualified Dependent must be unmarried, under the limiting age of 26 years and primarily dependent upon the covered Employee for support and maintenance. When a Qualified Dependent reaches the applicable limiting age, coverage will end on the last day of the Qualified Dependent's birthday month.

If a covered Employee or Spouse is the Legal Guardian of an unmarried child or children, under the limiting age of 26 and primarily dependent upon the Employee for support and maintenance, these children may be enrolled in this Plan as Qualified Dependents.

Any Child of a Plan Participant who is an alternate recipient under a qualified medical child support order shall be considered as having a right to Dependent coverage under this Plan.

A participant of this Plan may obtain, without charge, a copy of the procedures governing qualified medical child support order (QMCSO) determinations from the Plan Administrator.

The Plan Administrator may require documentation proving eligibility for Dependent coverage, including birth certificates, tax records or initiation of legal proceedings severing parental rights.

(4) A covered Dependent Child or Qualified Dependent who reaches the limiting age and is Totally Disabled, incapable of self-sustaining employment by reason of mental or physical handicap, primarily dependent upon the covered Employee for support and maintenance and unmarried. The Plan Administrator may require, at reasonable intervals, continuing proof of the Total Disability and dependency.

The Plan Administrator reserves the right to have such Dependent examined by a Physician of the Plan Administrator's choice, at the Plan's expense, to determine the existence of such incapacity.

(5) **Eligibility Requirements for Dependents of Medicare Eligible Employees** – Dependents that meet all other requirements for eligibility under **the Plan** may continue their coverage in **the Plan** if the employee that is covered under **the Plan** becomes eligible for Medicare health coverage and that employee chooses to enroll in the Medicare Health Plan and cancel his coverage in **the Plan**. **The Plan** will allow "eligible" dependents of Medicare enrolled employees to continue their coverage as long as the employee remains employed by Richardson Medical Center and meets all of the other eligibility requirements for coverage.

These persons are excluded as Dependents: other individuals living in the covered Employee's home, but who are not eligible as defined; the legally separated or divorced former Spouse of the Employee; any person who is on active duty in any military service of any country; Foster Children; or any person who is covered under the Plan as an Employee.

If a person covered under this Plan changes status from Employee to Dependent or Dependent to Employee, and the person is covered continuously under this Plan before, during and after the change in status, credit will be given for deductibles and all amounts applied to maximums.

If both mother and father are Employees, their children will be covered as Dependents of the mother or father, but not of both.

Eligibility Requirements for Dependent Coverage. A family member of an Employee will become eligible for Dependent coverage on the first day that the Employee is eligible for Employee coverage and the family member satisfies the requirements for Dependent coverage.

At any time, the Plan may require proof that a Spouse, Qualified Dependent or a Child qualifies or continues to qualify as a Dependent as defined by this Plan.

FUNDING

Cost of the Plan. Richardson Medical Center shares the cost of Employee and Dependent coverage under this Plan with the covered Employees. The enrollment application for coverage will include a payroll deduction authorization. This authorization must be filled out, signed and returned with the enrollment application.

The level of any Employee contributions is set by the Plan Administrator. The Plan Administrator reserves the right to change the level of Employee contributions.

PRE-EXISTING CONDITIONS

NOTE: The length of the Pre-Existing Conditions Limitation may be reduced or eliminated if an eligible person has Creditable Coverage from another health plan even if that coverage is still in effect. The Plan will reduce the length of the Pre-Existing Condition Limitation period by each day of Creditable Coverage under this or a prior plan; however, if there was a significant break in the Creditable Coverage of 63 days or more, then only the coverage in effect after the break will be counted.

An eligible person may request a certificate of Creditable Coverage from his or her prior plan within 24 months after losing coverage and the Employer will assist any eligible person in obtaining a certificate of Creditable Coverage from a prior plan.

A Covered Person will be provided a certificate of Creditable Coverage from this Plan if he or she requests one either before losing coverage or within 24 months of coverage ceasing.

If, after Creditable Coverage has been taken into account, there will still be a Pre-Existing Conditions Limitation imposed on an individual, that individual will be so notified.

All questions about the Pre-Existing Condition Limitation and Creditable Coverage should be directed to the Plan Administrator, Richardson Medical Center, 254 Hwy 3048 Christian Drive, Rayville, LA 71269 (318) 728-8326.

Covered Charges incurred under Medical Benefits for Pre-Existing Conditions are not payable unless incurred 12 consecutive months, or 18 months if a Late Enrollee after the person's Enrollment Date. This time, known as the Pre-Existing Conditions Limitation period, may be offset if the person has Creditable Coverage from his or her previous plan.

A **Pre-Existing Condition** is a condition for which medical advice, diagnosis, care or treatment was recommended or received within six months prior to the person's Enrollment Date under this Plan. Genetic Information is not, by itself, a condition. Treatment includes receiving services and supplies, consultations, diagnostic tests or prescribed medicines. In order to be taken into account, the medical advice, diagnosis, care or treatment must have been recommended by, or received from, a Physician.

The Pre-Existing Condition does not apply to Pregnancy or to a Covered Person under the age of 19.

ENROLLMENT

Enrollment Requirements. An Employee must enroll for coverage by filling out and signing an enrollment application along with the appropriate payroll deduction authorization. If the covered Employee already has Dependent coverage, a newborn child will be automatically enrolled for 31 days from birth; otherwise, separate enrollment for a newborn child is required.

Enrollment Requirements for Newborn Children.

A newborn child of a covered Employee who has Dependent coverage is automatically enrolled in this Plan for 31 days. Charges for covered nursery care will be applied toward the Plan of the covered parent. If the newborn child is not enrolled in this Plan on a timely basis, as defined in the section "Timely Enrollment" following this section, there will be no payment from the Plan and the parents will be responsible for all costs.

Charges for covered routine Physician care will be applied toward the Plan of the covered parent. If the newborn child is not enrolled in this Plan on a timely basis, there will be no payment from the Plan and the covered parent will be responsible for all costs.

If the child is not enrolled within 31 days of birth, the enrollment will be considered a Late Enrollment.

TIMELY OR LATE ENROLLMENT

- (1) **Timely Enrollment** - The enrollment will be "timely" if the completed form is received by the Plan Administrator no later than 31 days after the person becomes eligible for the coverage, either initially or under a Special Enrollment Period.

If two Employees (husband and wife) are covered under the Plan and the Employee who is covering the Dependent children terminates coverage, the Dependent coverage may be continued by the other covered Employee with no Waiting Period as long as coverage has been continuous.

- (2) **Late Enrollment** - An enrollment is "late" if it is not made on a "timely basis" or during a Special Enrollment Period. Late Enrollees and their Dependents who are not eligible to join the Plan during a Special Enrollment Period may join only during open enrollment.

If an individual loses eligibility for coverage as a result of terminating employment or a general suspension of coverage under the Plan, then upon becoming eligible again due to resumption of employment or due to resumption of Plan coverage, only the most recent period of eligibility will be considered for purposes of determining whether the individual is a Late Enrollee.

The time between the date a Late Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period. Coverage begins on January 1st.

SPECIAL ENROLLMENT RIGHTS

Federal law provides Special Enrollment provisions under some circumstances. If an Employee is declining enrollment for himself or herself or his or her dependents (including his or her spouse) because of other health insurance or group health plan coverage, there may be a right to enroll in this Plan if there is a loss of eligibility for that other coverage (or if the employer stops contributing towards the other coverage). However, a request for enrollment must be made within 31 days after the coverage ends (or after the employer stops contributing towards the other coverage).

In addition, in the case of a birth, marriage, adoption or placement for adoption, there may be a right to enroll in this Plan. However, a request for enrollment must be made within 31 days after the birth, marriage, adoption or placement for adoption.

The Special Enrollment rules are described in more detail below. To request Special Enrollment or obtain more detailed information of these portability provisions, contact the Plan Administrator, Richardson Medical Center, 254 Hwy 3048 Christian Drive, Rayville, LA 71269 (318) 728-8326.

SPECIAL ENROLLMENT PERIODS

The Enrollment Date for anyone who enrolls under a Special Enrollment Period is the first date of coverage. Thus, the time between the date a special enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period. This means that any Pre-Existing Condition will be determined on the basis of the look back period prior to the Enrollment Date, and the period of the Pre Existing Conditions Limitation will start on the Enrollment Date.

- (1) **Individuals losing other coverage creating a Special Enrollment right.** An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if loss of eligibility for coverage meets all of the following conditions:
- (a) The Employee or Dependent was covered under a group health plan or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.
 - (b) If required by the Plan Administrator, the Employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.
 - (c) The coverage of the Employee or Dependent who had lost the coverage was under COBRA and the COBRA coverage was exhausted, or was not under COBRA and either the coverage was terminated as a result of loss of eligibility for the coverage or because employer contributions towards the coverage were terminated. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.
 - (d) The Employee or Dependent requests enrollment in this Plan not later than 31 days after the date of exhaustion of COBRA coverage or the termination of non-COBRA coverage due to loss of eligibility or termination of employer contributions, described above. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.
- (2) For purposes of these rules, a loss of eligibility occurs if one of the following occurs:
- (a) The Employee or Dependent has a loss of eligibility on the earliest date a claim is denied that would meet or exceed a lifetime limit on all benefits. This provision shall no longer apply for Plan Years starting after September 22, 2010.
 - (b) The Employee or Dependent has a loss of eligibility due to the plan no longer offering any benefits to a class of similarly situated individuals (i.e.: part-time employees).
 - (c) The Employee or Dependent has a loss of eligibility as a result of legal separation, divorce, cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan), death, termination of employment, or reduction in the number of hours of employment or contributions towards the coverage were terminated.
 - (d) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual).
 - (e) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the group market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual), and no other benefit package is available to the individual.

If the Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan), that individual does not have a Special Enrollment right.

(3) Dependent beneficiaries. If:

- (a)** The Employee is a participant under this Plan (or has met the Waiting Period applicable to becoming a participant under this Plan and is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment period), and
- (b)** A person becomes a Dependent of the Employee through marriage, birth, adoption or placement for adoption,

then the Dependent (and if not otherwise enrolled, the Employee) may be enrolled under this Plan. In the case of the birth or adoption of a child, the Spouse of the covered Employee may be enrolled as a Dependent of the covered Employee if the Spouse is otherwise eligible for coverage. If the Employee is not enrolled at the time of the event, the Employee must enroll under this Special Enrollment Period in order for his eligible Dependents to enroll.

The Dependent Special Enrollment Period is a period of 31 days and begins on the date of the marriage, birth, adoption or placement for adoption. To be eligible for this Special Enrollment, the Dependent and/or Employee must request enrollment during this 31-day period.

The coverage of the Dependent and/or Employee enrolled in the Special Enrollment Period will be effective:

- (a)** in the case of marriage, the first day of the first month beginning after the date of the completed request for enrollment is received;
- (b)** in the case of a Dependent's birth, as of the date of birth; or
- (c)** in the case of a Dependent's adoption or placement for adoption, the date of the adoption or placement for adoption.

(4) Medicaid and State Child Health Insurance Programs. An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if:

- (a)** The Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or a State child health plan (CHIP) under Title XXI of such Act, and coverage of the Employee or Dependent is terminated due to loss of eligibility for such coverage, and the Employee or Dependent requests enrollment in this Plan within 60 days after such Medicaid or CHIP coverage is terminated.
- (b)** The Employee or Dependent becomes eligible for assistance with payment of Employee contributions to this Plan through a Medicaid or CHIP plan (including any waiver or demonstration project conducted with respect to such plan), and the Employee or Dependent requests enrollment in this Plan within 60 days after the date the Employee or Dependent is determined to be eligible for such assistance.

If a Dependent becomes eligible to enroll under this provision and the Employee is not then enrolled, the Employee must enroll in order for the Dependent to enroll.

Coverage will become effective as of the first day of the first calendar month following the date the completed enrollment form is received unless an earlier date is established by the Employer or by regulation.

EFFECTIVE DATE

Effective Date of Employee Coverage. An Employee will be covered under this Plan as of the first day of the calendar month following the date that the Employee satisfies all of the following:

- (1) The Eligibility Requirement.
- (2) The Active Employee Requirement.
- (3) The Enrollment Requirements of the Plan.

Active Employee Requirement.

An Employee must be an Active Employee (as defined by this Plan) for this coverage to take effect.

Effective Date of Dependent Coverage. A Dependent's coverage will take effect on the day that the Eligibility Requirements are met; the Employee is covered under the Plan; and all Enrollment Requirements are met.

TERMINATION OF COVERAGE

When coverage under this Plan stops, Plan Participants will receive a certificate that will show the period of Creditable Coverage under this Plan. The Plan maintains written procedures that explain how to request this certificate. Please contact the Plan Administrator for a copy of these procedures and further details. The Employer or Plan has the right to rescind any coverage of the Employee and/or Dependents for cause, making a fraudulent claim or an intentional material misrepresentation in applying for or obtaining coverage, or obtaining benefits under the Plan.

The Employer or Plan may either void coverage for the Employee and/or covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. If coverage is to be terminated or voided retroactively for fraud or misrepresentation, the Plan will provide at least 30 days' advance written notice of such action. The Employer will refund all contributions paid for any coverage rescinded; however, claims paid will be offset from this amount. The Employer reserves the right to collect additional monies if claims are paid in excess of the Employee's and/or Dependent's paid contributions.

When Employee Coverage Terminates. Employee coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Employee may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan is terminated.
- (2) The last day of the calendar month in which the covered Employee ceases to be in one of the Eligible Classes. This includes death or termination of Active Employment of the covered Employee.
(See the section entitled Continuation Coverage Rights under COBRA.) It also includes an Employee on disability, leave of absence or other leave of absence, unless the Plan specifically provides for continuation during these periods.
- (3) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (4) The earliest date the Employee has a claim that is denied in whole or in part because the Employee has met or exceeded a lifetime limit on all benefits. This provision shall no longer apply for Plan Years starting after September 22, 2010.

- (5) If an Employee commits fraud or makes an intentional misrepresentation of material fact in applying for or obtaining coverage, or obtaining benefits under the Plan, then the Employer or Plan may either void coverage for the Employee and covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. If coverage is to be terminated or voided retroactively for fraud or misrepresentation, the Plan will provide at least 30 days' advance written notice of such action.

Continuation During Periods of Employer-Certified Disability, Leave of Absence or Layoff. A person may remain eligible for a limited time if Active, full-time work ceases due to disability, leave of absence or layoff. This continuance will end as follows:

For disability leave only: the date the Employer ends the continuance.

For leave of absence or layoff only: the date the Employer ends the continuance.

While continued, coverage will be that which was in force on the last day worked as an Active Employee. However, if benefits reduce for others in the class, they will also reduce for the continued person.

Continuation During Family and Medical Leave. Regardless of the established leave policies mentioned above, this Plan shall at all times comply with the Family and Medical Leave Act of 1993 as promulgated in regulations issued by the Department of Labor.

During any leave taken under the Family and Medical Leave Act, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the covered Employee had been continuously employed during the entire leave period.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her covered Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated. For example, Pre-Existing Conditions limitations and other Waiting Periods will not be imposed unless they were in effect for the Employee and/or his or her Dependents when Plan coverage terminated.

Rehiring a Terminated Employee. A terminated Employee who is rehired will be treated as a new hire and be required to satisfy all Eligibility and Enrollment requirements. A terminated Employee rehired within 90 days of termination will be eligible for coverage on the first day of the month following their rehire date. However, if the Employee is returning to work and continues his COBRA coverage until he again becomes eligible for coverage as an Employee, any, Pre-Existing Conditions Limitations provision will apply only to the extent it was in effect on the last day of COBRA coverage.

Employees on Military Leave. Employees going into or returning from military service may elect to continue Plan coverage as mandated by the Uniformed Services Employment and Reemployment Rights Act (USERRA) under the following circumstances. These rights apply only to Employees and their Dependents covered under the Plan immediately before leaving for military service.

- (1) The maximum period of coverage of a person and the person's Dependents under such an election shall be the lesser of:
- (a) The 24 month period beginning on the date on which the person's absence begins; or
 - (b) The day after the date on which the person was required to apply for or return to a position of employment and fails to do so.
- (2) A person who elects to continue health plan coverage must pay up to 102% of the full contribution under the Plan, except a person on active duty for 30 days or less cannot be required to pay more than the Employee's share, if any, for the coverage.

- (3) An exclusion or Waiting Period may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or Waiting Period may be imposed for coverage of any Illness or Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

If the Employee wishes to elect this coverage or obtain more detailed information, contact the Plan Administrator Richardson Medical Center, 254 Hwy 3048 Christian Drive, Rayville, LA, 71269, (318) 728- 8326. The Employee may also have continuation rights under USERRA. In general, the Employee must meet the same requirements for electing USERRA coverage as are required under COBRA continuation coverage requirements. Coverage elected under these circumstances is concurrent not cumulative. The Employee may elect USERRA continuation coverage for the Employee and their Dependents. Only the Employee has election rights. Dependents do not have any independent right to elect USERRA health plan continuation.

When Dependent Coverage Terminates. A Dependent's coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Dependent may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan or Dependent coverage under the Plan is terminated.
- (2) The date that the Employee's coverage under the Plan terminates for any reason including death. (See the section entitled Continuation Coverage Rights under COBRA.)
- (3) The date a covered Spouse loses coverage due to loss of dependency status. (See the section entitled Continuation Coverage Rights under COBRA.)
- (4) On the first date that a person ceases to be a Dependent as defined by the Plan. (See the section entitled Continuation Coverage Rights under COBRA.)
- (5) On the last day of the calendar month that a Dependent child ceases to be a Dependent as defined by the Plan. (See the section entitled Continuation Coverage Rights under COBRA.)
- (6) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (7) The earliest date the Dependent has a claim that is denied in whole or in part because it meets or exceeds a lifetime limit on all benefits. This provision shall no longer apply for Plan Years starting after September 22, 2010.
- (8) If a Dependent commits fraud or makes an intentional misrepresentation of material fact in applying for or obtaining coverage, or obtaining benefits under the Plan, then the Employer or Plan may either void coverage for the Dependent for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. If coverage is to be terminated or voided retroactively, the Plan will provide at least 30 days' advance written notice of such action.

OPEN ENROLLMENT

OPEN ENROLLMENT

Every November, the annual open enrollment period, covered Employees and their covered Dependents will be able to change some of their benefit decisions based on which benefits and coverages are right for them.

Every November, the annual open enrollment period, Employees and their Dependents who are Late Enrollees will be able to enroll in the Plan.

Benefit choices made during the open enrollment period will become effective January 1st and remain in effect until the next January 1st unless there is a Special Enrollment event or a change in family status during the year (birth, death, marriage, divorce, adoption) or loss of coverage due to loss of a Spouse's employment. To the extent previously satisfied, coverage Waiting Periods and Pre-Existing Conditions Limits will be considered satisfied when changing from one benefit option under the Plan to another benefit option under the Plan.

Benefit choices for Late Enrollees made during the open enrollment period will become effective January 1st.

A Plan Participant who fails to make an election during open enrollment will automatically retain his or her present coverages.

Plan Participants will receive detailed information regarding open enrollment from their Employer.

MEDICAL BENEFITS

Medical Benefits apply when Covered Charges are incurred by a Covered Person for care of an Injury or Sickness and while the person is covered for these benefits under the Plan.

DEDUCTIBLE

Deductible Amount. This is an amount of Covered Charges for which no benefits will be paid. Before benefits can be paid in a Calendar Year a Covered Person must meet the deductible shown in the Schedule of Benefits.

This amount will not accrue toward the 100% maximum out-of-pocket payment.

Deductible For A Common Accident. This provision applies when two or more Covered Persons in a Family Unit are injured in the same accident.

These persons need not meet separate deductibles for treatment of injuries incurred in this accident; instead, only one deductible for the Calendar Year in which the accident occurred will be required for them as a unit for expenses arising from the accident.

BENEFIT PAYMENT

Each Calendar Year, benefits will be paid for the Covered Charges of a Covered Person that are in excess of the deductible and any copayments. Payment will be made at the rate shown under reimbursement rate in the Schedule of Benefits. No benefits will be paid in excess of the Maximum Benefit Amount or any listed limit of the Plan.

OUT-OF-POCKET LIMIT

Covered Charges are payable at the percentages shown each Calendar Year until the out-of-pocket limit shown in the Schedule of Benefits is reached. Then, Covered Charges incurred by a Covered Person will be payable at 100% (except for the charges excluded) for the rest of the Calendar Year.

When a Family Unit reaches the out-of-pocket limit, Covered Charges for that Family Unit will be payable at 100% (except for the charges excluded) for the rest of the Calendar Year.

MAXIMUM BENEFIT AMOUNT

The Maximum Benefit Amount is shown in the Schedule of Benefits. It is the total amount of benefits that will be paid under the Plan for all Covered Charges incurred by a Covered Person for Essential Health Benefits during the Plan Year. The Maximum Benefit applies to all plans and benefit options offered under the Richardson Medical Center Employee Health Plan, including the ones described in this document.

COVERED CHARGES

Covered Charges are the Usual and Reasonable Charges, or for claims under the Claim Review and Audit Program, are within the Applicable Plan Limits, that are incurred for the following items of service and supply. These charges are subject to the benefit limits, exclusions and other provisions of this Plan. A charge is incurred on the date that the service or supply is performed or furnished.

- (1) **Hospital Care.** The medical services and supplies furnished by a Hospital or Ambulatory Surgical Center or a Birthing Center. Covered Charges for room and board will be payable as shown in the Schedule of Benefits. After 23 observation hours, a confinement will be considered an inpatient confinement.

Room charges made by a Hospital having only private rooms will be paid at 80% of the average private room rate.

Charges for an Intensive Care Unit stay are payable as described in the Schedule of Benefits.

- (2) **Coverage of Pregnancy.** The Usual and Reasonable Charges for the care and treatment of Pregnancy are covered the same as any other Sickness for a covered Employee or covered Spouse.

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

There is no coverage of Pregnancy for a Dependent child other than a Covered Spouse.

- (3) **Skilled Nursing Facility Care.** The room and board and nursing care furnished by a Skilled Nursing Facility will be payable if and when:

- (a) the patient is confined as a bed patient in the facility; and
- (b) the confinement starts within fourteen (14) days of a Hospital confinement of at least three (3) days; and
- (c) the attending Physician certifies that the confinement is needed for further care of the condition that caused the Hospital confinement; and
- (d) the attending Physician completes a treatment plan which includes a diagnosis, the proposed course of treatment and the projected date of discharge from the Skilled Nursing Facility.

Covered Charges for a Covered Person's care in these facilities are payable as described in the Schedule of Benefits.

- (4) **Physician Care.** The professional services of a Physician for surgical or medical services.

Charges for **multiple surgical procedures** will be a Covered Charge subject to the following provisions:

- (a) If bilateral or multiple surgical procedures are performed by one (1) surgeon, benefits will be determined based on the Usual and Reasonable Charge that is allowed for the primary procedure; 50% of the Usual and Reasonable Charge will be allowed for each additional procedure performed through the same incision. Any procedure that would not be an integral part of the primary procedure or is unrelated to the diagnosis will be considered "incidental" and no benefits will be provided for such procedures;
- (b) If multiple unrelated surgical procedures are performed by two (2) or more surgeons on separate operative fields, benefits will be based on the Usual and Reasonable Charge for each surgeon's primary procedure. If two (2) or more surgeons perform a procedure that is normally performed by one (1) surgeon, benefits for all surgeons will not exceed the Usual and Reasonable percentage allowed for that procedure; and
- (c) If an assistant surgeon is required, the assistant surgeon's Covered Charge will not exceed 20% of the surgeon's Usual and Reasonable allowance.

- (5) **Private Duty Nursing Care.** The private duty nursing care by a licensed nurse (R.N., L.P.N. or L.V.N.). Covered Charges for this service will be included to this extent:

- (a) **Inpatient Nursing Care.** Charges are covered only when care is Medically Necessary or not Custodial in nature and the Hospital's Intensive Care Unit is filled or the Hospital has no Intensive Care Unit.

(b) **Outpatient Nursing Care.** Charges are covered only when care is Medically Necessary and not Custodial in nature. The only charges covered for Outpatient nursing care are those shown below, under Home Health Care Services and Supplies. Outpatient private duty nursing care on a 24-hour-shift basis is not covered.

(6) **Home Health Care Services and Supplies.** Charges for home health care services and supplies are covered only for care and treatment of an Injury or Sickness when Hospital or Skilled Nursing Facility confinement would otherwise be required. The diagnosis, care and treatment must be certified by the attending Physician and be contained in a Home Health Care Plan.

Benefit payment for nursing, home health aide and therapy services is subject to the Home Health Care limit shown in the Schedule of Benefits.

A home health care visit will be considered a periodic visit by either a nurse or therapist, as the case may be, or four hours of home health aide services.

(7) **Hospice Care Services and Supplies.** Charges for hospice care services and supplies are covered only when the attending Physician has diagnosed the Covered Person's condition as being terminal, determined that the person is not expected to live more than six months and placed the person under a Hospice Care Plan.

Covered Charges for Hospice Care Services and Supplies are payable as described in the Schedule of Benefits.

(8) **Other Medical Services and Supplies.** These services and supplies not otherwise included in the items above are covered as follows:

(a) Local Medically Necessary professional land or air **ambulance** service. A charge for this item will be a Covered Charge only if the service is to the nearest Hospital or Skilled Nursing Facility where necessary treatment can be provided unless the Plan Administrator finds a longer trip was Medically Necessary.

(b) **Anesthetic**; oxygen; blood and blood derivatives that are not donated or replaced; intravenous injections and solutions. Administration of these items is included.

(c) **Cardiac rehabilitation** as deemed Medically Necessary provided services are rendered (a) under the supervision of a Physician; (b) in connection with a myocardial infarction, coronary occlusion or coronary bypass surgery; (c) initiated within 12 weeks after other treatment for the medical condition ends; and (d) in a Medical Care Facility as defined by this Plan.

(d) Radiation or **chemotherapy** and treatment with radioactive substances. The materials and services of technicians are included.

(e) Initial **contact lenses** or glasses required following cataract surgery.

(f) Rental of **durable medical or surgical equipment** if deemed Medically Necessary. These items may be bought rather than rented, with the cost not to exceed the fair market value of the equipment at the time of purchase, but only if agreed to in advance by the Plan Administrator.

(g) Care, supplies and services for the diagnosis and treatment of **infertility**.

(h) **Laboratory studies.** Covered Charges for diagnostic and preventive lab testing and services.

(i) Treatment of **Mental Disorders and Substance Abuse.** For Plan Years beginning on or after October 3, 2009, regardless of any limitations on benefits for Mental Disorders and Substance Abuse Treatment otherwise specified in the Plan, any aggregate lifetime limit, annual limit, financial requirement, out-of-network exclusion or treatment limitation on

Mental Disorders and Substance Abuse benefits imposed by the Plan shall comply with federal parity requirements, if applicable.

Covered Charges for care, supplies and treatment of Mental Disorders and Substance Abuse will be limited as follows:

All treatment is subject to the benefit payment maximums shown in the Schedule of Benefits.

Physician's visits are limited to one treatment per day.

Psychiatrists (M.D.), psychologists (Ph.D.), counselors (Ph.D.) or Masters of Social Work (M.S.W.) may bill the Plan directly. Other licensed mental health practitioners must be under the direction of and must bill the Plan through these professionals.

- (j) Injury to or care of **mouth, teeth and gums**. Charges for Injury to or care of the mouth, teeth, gums and alveolar processes will be Covered Charges under Medical Benefits only if that care is for the following oral surgical procedures:

Excision of tumors and cysts of the jaws, cheeks, lips, tongue, roof and floor of the mouth.

Emergency repair due to Injury to sound natural teeth.

Surgery needed to correct accidental injuries to the jaws, cheeks, lips, tongue, floor and roof of the mouth.

Excision of benign bony growths of the jaw and hard palate.

External incision and drainage of cellulitis.

Incision of sensory sinuses, salivary glands or ducts.

Removal of impacted teeth.

No charge will be covered under Medical Benefits for dental and oral surgical procedures involving orthodontic care of the teeth, periodontal disease and preparing the mouth for the fitting of or continued use of dentures.

- (k) **Occupational therapy** by a licensed occupational therapist. Therapy must be ordered by a Physician, result from an Injury or Sickness and improve a body function. Covered Charges do not include recreational programs, maintenance therapy or supplies used in occupational therapy.

- (l) **Organ transplant** limits. Charges otherwise covered under the Plan that are incurred for the care and treatment due to an organ or tissue transplant are subject to these limits:

The transplant must be performed to replace an organ or tissue.

Charges for obtaining donor organs or tissues are Covered Charges under the Plan when the recipient is a Covered Person. When the donor has medical coverage, his or her plan will pay first. The benefits under this Plan will be reduced by those payable under the donor's plan. Donor charges include those for:

evaluating the organ or tissue;

removing the organ or tissue from the donor; and

transportation of the organ or tissue from within the United States and Canada to the place where the transplant is to take place.

- (m) The initial purchase, fitting and repair of **orthotic appliances** such as braces, splints or other appliances which are required for support for an injured or deformed part of the body as a result of a disabling congenital condition or an Injury or Sickness.
- (n) **Physical therapy** by a licensed physical therapist. The therapy must be in accord with a Physician's exact orders as to type, frequency and duration and for conditions which are subject to significant improvement through short-term therapy.
- (o) **Prescription Drugs** (as defined).
- (p) Routine **Preventive Care**. Covered Charges under Medical Benefits are payable for routine Preventive Care as described in the Schedule of Benefits. Additional preventive care shall be provided as required by applicable law if provided by a Panel/Network/Participating Provider.

Charges for Routine Well Adult Care. Routine well adult care is care by a Physician that is not for an Injury or Sickness.

Charges for Routine Well Child Care. Routine well child care is routine care by a Physician that is not for an Injury or Sickness.

- (q) The initial purchase, fitting and repair of fitted **prosthetic devices** which replace body parts.
- (r) **Reconstructive Surgery**. Correction of abnormal congenital conditions and reconstructive mammoplasties will be considered Covered Charges.

This mammoplasty coverage will include reimbursement for:

- (i) reconstruction of the breast on which a mastectomy has been performed,
- (ii) surgery and reconstruction of the other breast to produce a symmetrical appearance, and
- (iii) coverage of prostheses and physical complications during all stages of mastectomy, including lymphedemas,

in a manner determined in consultation with the attending Physician and the patient.

- (s) **Speech therapy** by a licensed speech therapist. Therapy must be ordered by a Physician and follow either: (i) surgery for correction of a congenital condition of the oral cavity, throat or nasal complex (other than a frenectomy) of a person; (ii) an Injury; or (iii) a Sickness that is other than a learning or Mental Disorder.
- (t) **Spinal Manipulation/Chiropractic services** by a licensed M.D., D.O. or D.C.
- (u) **Sterilization** procedures.
- (v) **Surgical dressings**, splints, casts and other devices used in the reduction of fractures and dislocations.
- (w) Coverage of **Well Newborn Nursery/Physician Care**.

Charges for Routine Nursery Care. Routine well newborn nursery care is care while the newborn is Hospital-confined after birth and includes room, board and other normal care for which a Hospital makes a charge.

This coverage is only provided if the newborn child is an eligible Dependent and a parent (1) is a Covered Person who was covered under the Plan at the time of the birth, or (2) enrolls himself or herself (as well as the newborn child if required) in accordance with the Special Enrollment provisions with coverage effective as of the date of birth.

The benefit is limited to Usual and Reasonable Charges for nursery care for the newborn child while Hospital confined as a result of the child's birth.

Charges for covered routine nursery care will be applied toward the Plan of the covered parent.

Group health plans generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Charges for Routine Physician Care. The benefit is limited to the Usual and Reasonable Charges made by a Physician for the first pediatric visit to the newborn child after birth while Hospital confined.

Charges for covered routine Physician care will be applied toward the Plan of the covered parent.

- (x) Charges associated with the initial purchase of a **wig after chemotherapy**. Charges for wig after chemotherapy are subject to the limits as described in the Schedule of Benefits.
- (y) **Diagnostic x-rays.**
- (z) **Preventive Wellness Guidelines.** Guidelines presented by the U.S. Preventive Services Task Force (USPSTF) is an independent panel of non-federal experts that conducts reviews of scientific evidence on preventive health care services. The USPSTF develops and publishes recommendations for primary care clinicians and health systems in the form of recommendation statements.

(z) Preventive Wellness Guidelines. (con't.)

1. Annual glucose screenings are available for high-risk individuals between the ages of 3 and 39.

High-risk individuals are defined as follows:

- Family history of diabetes (i.e., parents or siblings with diabetes)
- Obesity
- Blood pressure of 135/80 or greater
- Race/ethnicity (i.e., African-Americans, Hispanic-Americans, Native Americans, Asian-Americans, or Pacific Islanders)
- Previously identified pre-diabetic or diagnosed diabetic
- Low HDL cholesterol or high triglycerides
- History of gestational diabetes

2. Lipid profile screenings are available to high-risk individuals between the ages of 2 and 17.

High-risk individuals should have their first lipid profile screening before age 11. A fasting lipid profile is the recommended screening method. If values are within the normal reference range, the patient should be retested in 3-5 years. High risk is defined as a family history of high lipids or early CVD; unknown history; or other CVD risk factors such as overweight, obesity, hypertension or diabetes.

3. Prostate cancer high-risk individuals are defined as follows:

- Between the ages of 40-49 and are African American, or have a father or brother diagnosed with prostate cancer at a young age.

4. Flexible sigmoidoscopy and colonoscopy information:

Consultations are not covered under routine wellness benefits.

Additional screenings (flexible sigmoidoscopy, colonoscopy) for individuals considered to be at high risk for colorectal cancer, as outlined below, may be covered under the appropriate medical portion of your health plan. High-risk individuals in this category are defined as follows:

- Strong family history of colorectal cancer or polyps (in first-degree relative younger than 60 or two first-degree relatives of any age). A first-degree relative is defined as a parent, sibling or child.
- Known family history of colorectal cancer syndrome
- Personal history of colorectal cancer polyps

5. Mammograms are available for females ages 18-34 upon doctors orders.

Pap smear and pelvic exams are available for females over the ages of 12.

These services are available benefits but are not required. These should be performed based upon patient and provider discretion.

Covered Immunizations

Listed below are the immunizations covered under the Plan based on age and gender guidelines. The disease or condition that the immunization protects against is also shown below. You should consult with your Network Provider about the recommended number and frequency of doses. Please note that not all immunizations are required for each age category. For example, some individuals who start their immunizations late will be on a catch-up schedule (in which those individuals will be receiving their doses later). In other cases, some adults may lack evidence of immunity (lack of documentation or no evidence of prior infection) and may receive these vaccinations later in age. TB skin tests are covered as needed.

Age	Immunizations	Reason for Vaccine
Birth – 2 years		
	Hepatitis B (Hep B)	Hepatitis B virus (chronic inflammation of the liver, life-long complications)
	Diphtheria, Tetanus, Pertussis (DTaP)	Diphtheria, tetanus and pertussis (whooping cough)
	Haemophilus influenzae type b (Hib)	Infections of the blood, brain, joints, or lungs (pneumonia)
	Inactivated Polio (IPV)	Polio
	Measles, Mumps, Rubella (MMR)	Measles, mumps and rubella (German measles)
	Varicella	Chickenpox
	Pneumococcal (PCV)	Infections of the blood, brain, joints, inner ears, or lungs (pneumonia)
	Influenza (Flu vaccine)	Flu and complications
	Hepatitis A (Hep A)	Hepatitis A virus (inflammation of the liver)
	Rotavirus (birth - 9 months)	Rotavirus (diarrhea and vomiting)
	Meningococcal	Meningococcal disease, meningitis
3 – 11 Years		
	Hep B	Hepatitis B virus (chronic inflammation of the liver, life-long complications)
	DTaP/Tdap/Td booster	Diphtheria, tetanus and pertussis (whooping cough)
	IPV	Polio
	MMR	Measles, mumps and rubella (German measles)
	Varicella	Chickenpox
	PCV	Infections of the blood, brain, joints, inner ears, or lungs (pneumonia)
	Flu vaccine	Flu and complications
	Hep A	Hepatitis A virus (inflammation of the liver)
	Human Papillomavirus (HPV) beginning at age 9	Human Papillomavirus (Females only)
	Meningococcal	Meningococcal disease, meningitis

Age	Immunizations	Reason for Vaccine
12 – 17 Years		
	Hepatitis B	Hepatitis B virus (chronic inflammation of the liver, life-long complications)
	Tdap/Td booster	Diphtheria, tetanus and pertussis (whooping cough)
	MMR	Measles, mumps and rubella (German measles)
	Varicella	Chickenpox
	PCV/PPV	Infections of the blood, brain, joints, inner ears, or lungs (pneumonia)
	Flu Vaccine	Flu and complications
	Hep A	Hepatitis A virus (inflammation of the liver)
	HPV	Human Papillomavirus (Females only)
	Meningococcal	Meningococcal disease, meningitis
18 years and older		
	Hep B	Hepatitis B virus (chronic inflammation of the liver, life-long complications)
	DTaP/Tdap/Td booster	Diphtheria, tetanus and pertussis (whooping cough)
	MMR	Measles, mumps and rubella (German measles)
	Varicella	Chickenpox
	PPV	Infections of the blood, brain, joints, inner ears, or lungs (pneumonia)
	Flu Vaccine	Flu and complications
	Hep A	Hepatitis A virus (inflammation of the liver)
	HPV before age 27	Human Papillomavirus (Females only)
	Meningococcal (up to age 55)	Meningococcal disease, meningitis
	Shingles (age 60 and older)	Zoster (shingles)

COST MANAGEMENT SERVICES

Cost Management Services Phone Number

Self-Insured Solutions
(866) 372-8691

Please refer to the Employee ID card for the Cost Management Services phone number.

The provider, patient or family member must call this number to receive certification of certain Cost Management Services. This call must be made at least five (5) days in advance of services being rendered or within 48 hours after a Medical Emergency.

Any reduced reimbursement due to failure to follow cost management procedures will not accrue toward the 100% maximum out-of-pocket payment.

UTILIZATION REVIEW

Utilization review is a program designed to help insure that all Covered Persons receive necessary and appropriate health care while avoiding unnecessary expenses.

The program consists of:

- (a) Precertification of the Medical Necessity for the following non-emergency services before Medical and/or Surgical services are provided:
 - Hospitalizations
 - MRI/CAT scans
 - Inpatient Substance Abuse/Mental Disorder treatments
 - Durable Medical Equipment
 - Physical, speech and occupational therapy
 - Cardiac rehabilitation therapy
 - Outpatient surgical procedures
- (b) Retrospective review of the Medical Necessity of the listed services provided on an emergency basis;
- (c) Concurrent review, based on the admitting diagnosis, of the listed services requested by the attending Physician; and
- (d) Certification of services and planning for discharge from a Medical Care Facility or cessation of medical treatment.

The purpose of the program is to determine what charges may be eligible for payment by the Plan. This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other health care provider.

If a particular course of treatment or medical service is not certified, it means that either the Plan will not pay for the charges or the Plan will not consider that course of treatment as appropriate for the maximum reimbursement under the Plan. The patient is urged to find out why there is a discrepancy between what was requested and what was certified before incurring charges.

The attending Physician does not have to obtain precertification from the Plan for prescribing a maternity length of stay that is 48 hours or less for a vaginal delivery or 96 hours or less for a cesarean delivery.

In order to maximize Plan reimbursements, please read the following provisions carefully.

Here's how the program works.

Precertification. Before a Covered Person enters a Medical Care Facility on a non-emergency basis or receives other listed medical services, the utilization review administrator will, in conjunction with the attending Physician, certify the care as appropriate for Plan reimbursement. A non-emergency stay in a Medical Care Facility is one that can be scheduled in advance.

The utilization review program is set in motion by a telephone call from, or on behalf of, the Covered Person. Contact the utilization review administrator at the telephone number on your ID card **at least five (5) days before** services are scheduled to be rendered with the following information:

- The name of the patient and relationship to the covered Employee
- The name, employee identification number and address of the covered Employee
- The name of the Employer
- The name and telephone number of the attending Physician
- The name of the Medical Care Facility, proposed date of admission, and proposed length of stay
- The proposed medical services
- The proposed rendering of listed medical services

If there is an **emergency** admission to the Medical Care Facility, the patient, patient's family member, Medical Care Facility or attending Physician must contact the utilization review administrator **within 48 hours** of the first business day after the admission.

The utilization review administrator will determine the number of days of Medical Care Facility confinement or use of other listed medical services authorized for payment. **Failure to follow this procedure may reduce reimbursement received from the Plan.**

If the Covered Person does not receive authorization as explained in this section, the benefit payment will be reduced by \$500.

Concurrent review, discharge planning. Concurrent review of a course of treatment and discharge planning from a Medical Care Facility are parts of the utilization review program. The utilization review administrator will monitor the Covered Person's Medical Care Facility stay or use of other medical services and coordinate with the attending Physician, Medical Care Facilities and Covered Person either the scheduled release or an extension of the Medical Care Facility stay or extension or cessation of the use of other medical services.

If the attending Physician feels that it is Medically Necessary for a Covered Person to receive additional services or to stay in the Medical Care Facility for a greater length of time than has been precertified, the attending Physician must request the additional services or days.

SECOND AND/OR THIRD OPINION PROGRAM

Certain surgical procedures are performed either inappropriately or unnecessarily. In some cases, surgery is only one of several treatment options. In other cases, surgery will not help the condition.

In order to prevent unnecessary or potentially harmful surgical treatments, the second and/or third opinion program fulfills the dual purpose of protecting the health of the Plan's Covered Persons and protecting the financial integrity of the Plan.

Benefits will be provided for a second (and third, if necessary) opinion consultation to determine the Medical Necessity of an elective surgical procedure. An elective surgical procedure is one that can be scheduled in advance; that is, it is not an emergency or of a life-threatening nature. Benefits for the second (and third, if necessary) opinion will be paid as any other Sickness.

The patient may choose any board-certified specialist who is not an associate of the attending Physician and who is affiliated in the appropriate specialty.

While any surgical treatment is allowed a second opinion, the following procedures are ones for which surgery is often performed when other treatments are available.

Appendectomy	Hernia surgery	Spinal surgery
Cataract surgery	Hysterectomy	Surgery to knee, shoulder, elbow or toe
Cholecystectomy (gall bladder removal)	Mastectomy surgery	Tonsillectomy and adenoidectomy
Deviated septum (nose surgery)	Prostate surgery	Tympanotomy (inner ear)
Hemorrhoidectomy	Salpingo-oophorectomy (removal of tubes/ovaries)	Varicose vein ligation

PREADMISSION TESTING SERVICE

The Medical Benefits percentage payable will be for diagnostic lab tests and x-ray exams when:

- (1) performed on an outpatient basis within seven days before a Hospital confinement;
- (2) related to the condition which causes the confinement; and
- (3) performed in place of tests while Hospital confined.

Covered Charges for this testing will be payable at 80% for In-Network services and 60% for Out-of-Network services even if tests show the condition requires medical treatment prior to Hospital confinement or the Hospital confinement is not required.

CASE MANAGEMENT

Case Management. The Plan may elect, in its sole discretion, when acting on a basis that precludes individual selection, to provide alternative benefits that are otherwise excluded under the Plan. The alternative benefits, called "Case Management," shall be determined on a case-by-case basis, and the Plan's determination to provide the benefits in one instance shall not obligate the Plan to provide the same or similar alternative benefits for the same or any other Covered Person, nor shall it be deemed to waive the right of the Plan to strictly enforce the provisions of the Plan.

A case manager consults with the patient, the family and the attending Physician in order to develop a plan of care for approval by the patient's attending Physician and the patient. This plan of care may include some or all of the following:

- personal support to the patient;
- contacting the family to offer assistance and support;
- monitoring Hospital or Skilled Nursing Facility;
- determining alternative care options; and
- assisting in obtaining any necessary equipment and services.

Case Management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The case manager will coordinate and implement the Case Management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Plan Administrator, attending Physician, patient and patient's family must all agree to the alternate treatment plan.

Once agreement has been reached, the Plan Administrator will direct the Plan to cover Medically Necessary expenses as stated in the treatment plan, even if these expenses normally would not be paid by the Plan. Unless specifically provided to the contrary in the Plan Administrator's instructions, reimbursement for expenses incurred in connection with the treatment plan shall be subject to all Plan limits and cost sharing provisions.

Note: Case Management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

DEFINED TERMS

The following terms have special meanings and when used in this Plan will be capitalized.

Active Employee is an Employee who is on the regular payroll of the Employer and who has begun to perform the duties of his or her job with the Employer on a full-time basis.

Ambulatory Surgical Center is a licensed facility that is used mainly for performing outpatient surgery, has a staff of Physicians, has continuous Physician and nursing care by registered nurses (R.N.s) and does not provide for overnight stays.

Birthing Center means any freestanding health facility, place, professional office or institution which is not a Hospital or in a Hospital, where births occur in a home-like atmosphere. This facility must be licensed and operated in accordance with the laws pertaining to Birthing Centers in the jurisdiction where the facility is located.

The Birthing Center must provide facilities for obstetrical delivery and short-term recovery after delivery; provide care under the full-time supervision of a Physician and either a registered nurse (R.N.) or a licensed nurse-midwife; and have a written agreement with a Hospital in the same locality for immediate acceptance of patients who develop complications or require pre- or post-delivery confinement.

Brand Name means a trade name medication.

Calendar Year means January 1st through December 31st of the same year.

COBRA means the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended.

Cosmetic Dentistry means dentally unnecessary procedures.

Covered Charge(s) means those Medically Necessary services or supplies that are covered under this Plan.

Covered Person is an Employee or Dependent who is covered under this Plan.

Creditable Coverage includes most health coverage, such as coverage under a group health plan (including COBRA continuation coverage), HMO membership, an individual health insurance policy, Medicaid, Medicare or public health plans.

Creditable Coverage does not include coverage consisting solely of dental or vision benefits.

Creditable Coverage does not include coverage that was in place before a significant break of coverage of 63 days or more. With respect to the Trade Act of 2002, when determining whether a significant break in coverage has occurred, the period between the trade related coverage loss and the start of the special second COBRA election period under the Trade Act, does not count.

Custodial Care is care (including Room and Board needed to provide that care) that is given principally for personal hygiene or for assistance in daily activities and can, according to generally accepted medical standards, be performed by persons who have no medical training. Examples of Custodial Care are help in walking and getting out of bed; assistance in bathing, dressing, feeding; or supervision over medication which could normally be self-administered.

Dentist is a person who is properly trained and licensed to practice dentistry and who is practicing within the scope of such license.

Durable Medical Equipment means equipment which (a) can withstand repeated use, (b) is primarily and customarily used to serve a medical purpose, (c) generally is not useful to a person in the absence of an illness or injury and (d) is appropriate for use in the home.

Emergency Services means a medical screening examination (as required under Section 1867 of the Social Security Act (EMTALA)) within the capability of the Hospital emergency department, including routine ancillary services, to evaluate a Medical Emergency and such further medical examination and treatment as are within the capabilities of the staff and facilities of the Hospital and required under EMTALA to stabilize the patient.

Employee means a person who is an Active, regular Employee of the Employer, regularly scheduled to work for the Employer in an Employee/Employer relationship.

Employer is Richardson Medical Center

Enrollment Date is the first day of coverage or, if there is a Waiting Period, the first day of the Waiting Period.

ERISA is the Employee Retirement Income Security Act of 1974, as amended.

Essential Health Benefits include, to the extent they are covered under the Plan, ambulatory patient services; emergency services; hospitalization; maternity and newborn care; mental health and substance use disorder services, including behavioral health treatment; prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

Experimental and/or Investigational means services, supplies, care and treatment which does not constitute accepted medical practice properly within the range of appropriate medical practice under the standards of the case and by the standards of a reasonably substantial, qualified, responsible, relevant segment of the medical and dental community or government oversight agencies at the time services were rendered.

The Plan Administrator must make an independent evaluation of the experimental/nonexperimental standings of specific technologies. The Plan Administrator shall be guided by a reasonable interpretation of Plan provisions. The decisions shall be made in good faith and rendered following a detailed factual background investigation of the claim and the proposed treatment. The decision of the Plan Administrator will be final and binding on the Plan. The Plan Administrator will be guided by the following principles:

- (1) if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished; or
- (2) if the drug, device, medical treatment or procedure, or the patient informed consent document utilized with the drug, device, treatment or procedure, was reviewed and approved by the treating facility's Institutional Review Board or other body serving a similar function, or if federal law requires such review or approval; or
- (3) if Reliable Evidence shows that the drug, device, medical treatment or procedure is the subject of on-going phase I or phase II clinical trials, is the research, experimental, study or Investigational arm of on-going phase III clinical trials, or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis; or
- (4) if Reliable Evidence shows that the prevailing opinion among experts regarding the drug, device, medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis.

Reliable Evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, service, medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, medical treatment or procedure.

Drugs are considered Experimental if they are not commercially available for purchase and/or they are not approved by the Food and Drug Administration for general use.

Family Unit is the covered Employee and the family members who are covered as Dependents under the Plan.

Formulary means a list of prescription medications compiled by the third party payor of safe, effective therapeutic drugs specifically covered by this Plan.

Generic drug means a Prescription Drug which has the equivalency of the brand name drug with the same use and metabolic disintegration. This Plan will consider as a Generic drug any Food and Drug Administration approved generic pharmaceutical dispensed according to the professional standards of a licensed pharmacist and clearly designated by the pharmacist as being generic.

Genetic Information means information about the genetic tests of an individual or his family members, and information about the manifestations of disease or disorder in family members of the individual. A "genetic test" means an analysis of human DNA, RNA, chromosomes, proteins or metabolites, which detects genotypes, mutations or chromosomal changes. It does not mean an analysis of proteins or metabolites that is directly related to a manifested disease, disorder or pathological condition that could reasonably be detected by a health care professional with appropriate training and expertise in the field of medicine involved. Genetic information does not include information about the age or gender of an individual.

Home Health Care Agency is an organization that meets all of these tests: its main function is to provide Home Health Care Services and Supplies; it is federally certified as a Home Health Care Agency; and it is licensed by the state in which it is located, if licensing is required.

Home Health Care Plan must meet these tests: it must be a formal written plan made by the patient's attending Physician which is reviewed at least every 30 days; it must state the diagnosis; it must certify that the Home Health Care is in place of Hospital confinement; and it must specify the type and extent of Home Health Care required for the treatment of the patient.

Home Health Care Services and Supplies include: part-time or intermittent nursing care by or under the supervision of a registered nurse (R.N.); part-time or intermittent home health aide services provided through a Home Health Care Agency (this does not include general housekeeping services); physical, occupational and speech therapy; medical supplies; and laboratory services by or on behalf of the Hospital.

Hospice Agency is an organization where its main function is to provide Hospice Care Services and Supplies and it is licensed by the state in which it is located, if licensing is required.

Hospice Care Plan is a plan of terminal patient care that is established and conducted by a Hospice Agency and supervised by a Physician.

Hospice Care Services and Supplies are those provided through a Hospice Agency and under a Hospice Care Plan and include inpatient care in a Hospice Unit or other licensed facility, home care, and family counseling during the bereavement period.

Hospice Unit is a facility or separate Hospital Unit that provides treatment under a Hospice Care Plan and admits at least two unrelated persons who are expected to die within six months.

Hospital is an institution which is engaged primarily in providing medical care and treatment of sick and injured persons on an inpatient basis at the patient's expense and which fully meets these tests: it is accredited as a Hospital by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association Healthcare Facilities Accreditation Program; it is approved by Medicare as a Hospital; it maintains diagnostic and therapeutic facilities on the premises for surgical and medical diagnosis and treatment of sick and injured persons by or under the supervision of a staff of Physicians; it continuously provides on the premises 24-hour-a-day nursing services by or under the supervision of registered nurses (R.N.s); and it is operated continuously with organized facilities for operative surgery on the premises.

The definition of "Hospital" shall be expanded to include the following:

- A facility operating legally as a psychiatric Hospital or residential treatment facility for mental health and licensed as such by the state in which the facility operates.
- A facility operating primarily for the treatment of Substance Abuse if it meets these tests: maintains permanent and full-time facilities for bed care and full-time confinement of at least 15 resident patients; has a Physician in regular attendance; continuously provides 24-hour a day nursing service by a registered nurse (R.N.); has a full-time psychiatrist or psychologist on the staff; and is primarily engaged in providing diagnostic and therapeutic services and facilities for treatment of Substance Abuse.

Illness means a bodily disorder, disease, physical sickness or Mental Disorder. Illness includes Pregnancy, childbirth, miscarriage or complications of Pregnancy.

Infertility means incapable of producing offspring.

Injury means an accidental physical Injury to the body caused by unexpected external means.

Intensive Care Unit is defined as a separate, clearly designated service area which is maintained within a Hospital solely for the care and treatment of patients who are critically ill. This also includes what is referred to as a "coronary care unit" or an "acute care unit." It has: facilities for special nursing care not available in regular rooms and wards of the Hospital; special life saving equipment which is immediately available at all times; at least two beds for the accommodation of the critically ill; and at least one registered nurse (R.N.) in continuous and constant attendance 24 hours a day.

Late Enrollee means a Plan Participant who enrolls under the Plan other than during the first 31-day period in which the individual is eligible to enroll under the Plan or during a Special Enrollment Period.

Legal Guardian means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of a minor child.

Medical Care Facility means a Hospital, a facility that treats one or more specific ailments or any type of Skilled Nursing Facility.

Medical Emergency means a medical condition manifesting itself by acute symptoms of sufficient severity including severe pain such that a prudent layperson with average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in (1) serious jeopardy to the health of an individual (or, in the case of a pregnant woman, the health of the woman or her unborn child), (2) serious impairment to body functions, or (3) serious dysfunction of any body organ or part. A Medical Emergency includes such conditions as heart attacks, cardiovascular accidents, poisonings, loss of consciousness or respiration, convulsions or other such acute medical conditions.

Medical Non-Emergency Care means care which can safely and adequately be provided other than in a Hospital.

Medically or Dentally Necessary care and treatment is recommended or approved by a Physician or Dentist; is consistent with the patient's condition or accepted standards of good medical and dental practice; is medically proven to be effective treatment of the condition; is not performed mainly for the convenience of the patient or provider of medical and dental services; is not conducted for research purposes; and is the most appropriate level of services which can be safely provided to the patient.

All of these criteria must be met; merely because a Physician recommends or approves certain care does not mean that it is Medically Necessary.

The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary.

Medicare is the Health Insurance For The Aged and Disabled program under Title XVIII of the Social Security Act, as amended.

Mental Disorder means any disease or condition, regardless of whether the cause is organic, that is classified as a Mental Disorder in the current edition of International Classification of Diseases, published by the U.S. Department of Health and Human Services or is listed in the current edition of Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association.

Morbid Obesity is a diagnosed condition in which the body weight exceeds the medically recommended weight by either 100 pounds or is twice the medically recommended weight for a person of the same height, age and mobility as the Covered Person.

No-Fault Auto Insurance is the basic reparations provision of a law providing for payments without determining fault in connection with automobile accidents.

Outpatient Care and/or Services is treatment including services, supplies and medicines provided and used at a Hospital under the direction of a Physician to a person not admitted as a registered bed patient; or services rendered in a Physician's office, laboratory or X-ray facility, an Ambulatory Surgical Center, or the patient's home.

Pharmacy means a licensed establishment where covered Prescription Drugs are filled and dispensed by a pharmacist licensed under the laws of the state where he or she practices.

Physician means a Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Optometrist (O.D.), Doctor of Podiatry (D.P.M.), Doctor of Chiropractic (D.C.), Audiologist, Certified Nurse Anesthetist, Licensed Professional Counselor, Licensed Professional Physical Therapist, Master of Social Work (M.S.W.), Midwife, Occupational Therapist, Doctor of Dental Surgery (D.D.S.), Physiotherapist, Psychiatrist, Psychologist (Ph.D.), Speech Language Pathologist and any other practitioner of the healing arts who is licensed and regulated by a state or federal agency and is acting within the scope of his or her license.

Plan means Richardson Medical Center Employee Health Plan, which is a benefits plan for certain Employees of Richardson Medical Center and is described in this document.

Plan Participant is any Employee or Dependent who is covered under this Plan.

Plan Year is the 12-month period beginning on either the effective date of the Plan or on the day following the end of the first Plan Year which is a short Plan Year.

Pregnancy is childbirth and conditions associated with Pregnancy, including complications.

Prescription Drug means any of the following: a Food and Drug Administration-approved drug or medicine which, under federal law, is required to bear the legend: "Caution: federal law prohibits dispensing without prescription"; injectable insulin; hypodermic needles or syringes, but only when dispensed upon a written prescription of a licensed Physician. Such drug must be Medically Necessary in the treatment of a Sickness or Injury.

Sickness is:

For a covered Employee and covered Spouse: Illness, disease or Pregnancy.

For a covered Dependent other than Spouse: Illness or disease, not including Pregnancy or its complications.

Skilled Nursing Facility is a facility that fully meets all of these tests:

- (1) It is licensed to provide professional nursing services on an inpatient basis to persons convalescing from Injury or Sickness. The service must be rendered by a registered nurse (R.N.) or by a licensed practical nurse (L.P.N.) under the direction of a registered nurse. Services to help restore patients to self-care in essential daily living activities must be provided.
- (2) Its services are provided for compensation and under the full-time supervision of a Physician.
- (3) It provides 24 hour per day nursing services by licensed nurses, under the direction of a full-time registered nurse.
- (4) It maintains a complete medical record on each patient.
- (5) It has an effective utilization review plan.
- (6) It is not, other than incidentally, a place for rest, the aged, drug addicts, alcoholics, mentally disabled, Custodial or educational care or care of Mental Disorders.
- (7) It is approved and licensed by Medicare.

This term also applies to charges incurred in a facility referring to itself as an extended care facility, convalescent nursing home, rehabilitation hospital, long-term acute care facility or any other similar nomenclature.

Spinal Manipulation/Chiropractic Care means skeletal adjustments, manipulation or other treatment in connection with the detection and correction by manual or mechanical means of structural imbalance or subluxation in the human body. Such treatment is done by a Physician to remove nerve interference resulting from, or related to, distortion, misalignment or subluxation of, or in, the vertebral column.

Substance Abuse is regular excessive compulsive drinking of alcohol and/or physical habitual dependence on drugs. This does not include dependence on tobacco and ordinary caffeine-containing drinks.

Total Disability (Totally Disabled) means: In the case of a Dependent, the complete inability as a result of Injury or Sickness to perform the normal activities of a person of like age and sex in good health.

Usual and Reasonable Charge is a charge which is not higher than the usual charge made by the provider of the care or supply and does not exceed the usual charge made by most providers of like service in the same area. This test will consider the nature and severity of the condition being treated. It will also consider medical complications or unusual circumstances that require more time, skill or experience.

The Plan Administrator has the discretionary authority to decide whether a charge is Usual and Reasonable.

For claim determinations under the Claim Review and Audit Program, Usual and Reasonable Charge shall mean the Applicable Plan Limits. Please refer to the section, Claim Review and Audit Program, for the definition of Applicable Plan Limits and information regarding the audit program.

PLAN EXCLUSIONS

Note: All exclusions related to Prescription Drugs are shown in the Prescription Drug Plan.

Note: All exclusions related to Dental are shown in the Dental Plan.

For all Medical Benefits shown in the Schedule of Benefits, a charge for the following is not covered:

- (1) **Abortion.** Services, supplies, care or treatment in connection with an abortion unless the life of the mother is endangered by the continued Pregnancy or the Pregnancy is the result of rape or incest.
- (2) **Acupuncture.**
- (3) **Biofeedback.**
- (4) **Complications of non-covered treatments.** Care, services or treatment required as a result of complications from a treatment not covered under the Plan are not covered. Complications from a non-covered abortion are covered.
- (5) **Custodial care.** Services or supplies provided mainly as a rest cure, maintenance or Custodial Care.
- (6) **Educational or vocational testing.** Services for educational or vocational testing or training.
- (7) **Excess charges.** The part of an expense for care and treatment of an Injury or Sickness that is in excess of the Usual and Reasonable Charge or, for claim determinations under the Claim Review and Audit Program, that is in excess of the Applicable Plan Limits.
- (8) **Exercise programs.** Exercise programs for treatment of any condition, except for Physician-supervised cardiac rehabilitation, occupational or physical therapy if covered by this Plan.
- (9) **Experimental or not Medically Necessary.** Care and treatment that is either Experimental/Investigational or not Medically Necessary.
- (10) **Eye care.** Radial keratotomy or other eye surgery to correct refractive disorders. Also, routine eye examinations, including refractions, lenses for the eyes and exams for their fitting. However, refer to the Schedule of Benefits for Vision Benefits and coverage under the Vision Plan. This exclusion does not apply to aphakic patients and soft lenses or sclera shells intended for use as corneal bandages or as may be covered under the well adult or well child sections of this Plan.
- (11) **Foot care.** Treatment of weak, strained, flat, unstable or unbalanced feet, metatarsalgia or bunions (except open cutting operations), and treatment of corns, calluses or toenails (unless needed in treatment of a metabolic or peripheral-vascular disease).
- (12) **Foreign travel.** Care, treatment or supplies out of the U.S. if travel is for the sole purpose of obtaining medical services.
- (13) **Government coverage.** Care, treatment or supplies furnished by a program or agency funded by any government. This exclusion does not apply to Medicaid or when otherwise prohibited by applicable law.
- (14) **Hair loss.** Care and treatment for hair loss including wigs, hair transplants or any drug that promises hair growth, whether or not prescribed by a Physician, except for wigs after chemotherapy.
- (15) **Hazardous Hobby or Activity.** Care and treatment of an Injury or Sickness that results from engaging in a Hazardous Hobby or Activity. A hobby or activity is hazardous if it is an activity which is characterized by a constant threat of danger or risk of bodily harm. Examples of hazardous hobbies or activities are skydiving, auto racing, hang gliding, jet ski operating or bungee jumping.

- (16) **Hearing aids and exams.** Charges for services or supplies in connection with hearing aids or exams for their fitting, except as may be covered under the well adult or well child sections of this Plan.
- (17) **Hospital employees.** Professional services billed by a Physician or nurse who is an employee of a Hospital or Skilled Nursing Facility and paid by the Hospital or facility for the service.
- (18) **Illegal acts.** Expenses that are related to injuries sustained, or an illness contracted, during the commission, or attempted commission, of a felony. This exclusion will only apply if the Covered Person has been adjudicated guilty of a felony by a court of competent jurisdiction, pled guilty or no contest (nolo contendere) to a felony charge at the time of denial of any claim or at the time of an appeal for benefits under this Plan, or the Covered Person is under a formal felony charge at the time of the claim denial or appeal for benefits. This exclusion will not apply if a felony charge has been dropped or reduced to a misdemeanor prior to or at the time of the claim denial or appeal for benefits under this Plan. An appeal for benefits of a denied claim must be filed within the specified time limits for appeal as described under the section, "Claims Procedure". The Plan will deny consideration of appeals filed later than these time limits allow.
- (19) **Impotence.** Care, treatment, services, supplies or medication in connection with treatment for impotence.
- (20) **Marital or pre-marital counseling.** Care and treatment for marital or pre-marital counseling.
- (21) **No charge.** Care and treatment for which there would not have been a charge if no coverage had been in force.
- (22) **Non-compliance.** All charges in connection with treatments or medications where the patient either is in non-compliance with or is discharged from a Hospital or Skilled Nursing Facility against medical advice.
- (23) **Non-emergency Hospital admissions.** Care and treatment billed by a Hospital for non-Medical Emergency admissions on a Friday or a Saturday. This does not apply if surgery is performed within 24 hours of admission.
- (24) **No obligation to pay.** Charges incurred for which the Plan has no legal obligation to pay.
- (25) **No Physician recommendation.** Care, treatment, services or supplies not recommended and approved by a Physician; or treatment, services or supplies when the Covered Person is not under the regular care of a Physician. Regular care means ongoing medical supervision or treatment which is appropriate care for the Injury or Sickness.
- (26) **Not specified as covered.** Non-traditional medical services, treatments and supplies which are not specified as covered under this Plan.
- (27) **Obesity.** Care and treatment of obesity, weight loss or dietary control whether or not it is, in any case, a part of the treatment plan for another Sickness. Specifically excluded are charges for bariatric surgery, including but not limited to, gastric bypass, stapling and intestinal bypass, and lap band surgery, including reversals. Medically Necessary surgical and non-surgical charges for Morbid Obesity are not covered.
- (28) **Occupational.** Care and treatment of an Injury or Sickness that is occupational -- that is, arises from work for wage or profit including self-employment.
- (29) **Personal comfort items.** Personal comfort items or other equipment, such as, but not limited to, air conditioners, air-purification units, humidifiers, electric heating units, orthopedic mattresses, blood pressure instruments, scales, elastic bandages or stockings, nonprescription drugs and medicines, and first-aid supplies and nonhospital adjustable beds.

- (30) **Plan design excludes.** Charges excluded by the Plan design as mentioned in this document. With respect to any injury which is otherwise covered by the Plan, the Plan will not deny benefits provided for treatment of the injury if the injury results from an act of domestic violence or a medical condition (including both physical and mental health conditions).
- (31) **Pregnancy of daughter.** Care and treatment of Pregnancy and Complications of Pregnancy for a Covered Dependent daughter only.
- (32) **Relative giving services.** Professional services performed by a person who ordinarily resides in the Covered Person's home or is related to the Covered Person as a Spouse, parent, child, brother or sister, whether the relationship is by blood or exists in law.
- (33) **Replacement braces.** Replacement of braces of the leg, arm, back, neck, or artificial arms or legs, unless there is sufficient change in the Covered Person's physical condition to make the original device no longer functional.
- (34) **Routine care.** Charges for routine or periodic examinations, screening examinations, evaluation procedures, preventive medical care, or treatment or services not directly related to the diagnosis or treatment of a specific Injury, Sickness or Pregnancy-related condition which is known or reasonably suspected, unless such care is specifically covered in the Schedule of Benefits or required by applicable law.
- (35) **Self-Inflicted.** Any loss due to an intentionally self-inflicted Injury. This exclusion does not apply if the Injury resulted from an act of domestic violence or a medical (including both physical and mental health) condition.
- (36) **Services before or after coverage.** Care, treatment or supplies for which a charge was incurred before a person was covered under this Plan or after coverage ceased under this Plan.
- (37) **Sex changes.** Care, services or treatment for non-congenital transsexualism, gender dysphoria or sexual reassignment or change. This exclusion includes medications, implants, hormone therapy, surgery, medical or psychiatric treatment.
- (38) **Sleep disorders.** Care and treatment for sleep disorders unless deemed Medically Necessary.
- (39) **Smoking cessation.** Care and treatment for smoking cessation programs, including smoking deterrent products, unless Medically Necessary due to a severe active lung illness such as emphysema or asthma.
- (40) **Surgical sterilization reversal.** Care and treatment for reversal of surgical sterilization.
- (41) **Temporomandibular Joint Syndrome.** All diagnostic and treatment services related to the treatment of jaw joint problems including temporomandibular joint (TMJ) syndrome unless such care is specifically covered in the Schedule of Benefits or required by applicable law.
- (42) **Travel or accommodations.** Charges for travel or accommodations, whether or not recommended by a Physician, except for ambulance charges as defined as a Covered Charge.
- (43) **War.** Any loss that is due to a declared or undeclared act of war.

PRESCRIPTION DRUG BENEFITS

This benefit is for all employees and their immediate family.

Benefits and Exclusions are administered by Richardson Medical Center. The Plan does not determine eligibility, benefits or payment with regards to Prescriptions.

The benefits shown in the Schedule of Benefits are for informational purposes only and are not a benefit of the Plan.

HOW TO SUBMIT A CLAIM

All claims and questions regarding health claims should be directed to the Claims Administrator. The Plan Administrator shall be ultimately and finally responsible for adjudicating such claims and for providing full and fair review of the decision on such claims in accordance with the following provisions and with ERISA. Benefits under the Plan will be paid only if the Plan Administrator decides in its discretion that the claimant is entitled to them.

The procedures outlined below must be followed by Covered Persons ("claimants") to obtain payment of health benefits under this Plan.

Each claimant claiming benefits under the Plan shall be responsible for supplying, at such times and in such manner as the Plan Administrator in its sole discretion may require, written proof that the expenses were incurred or that the benefit is covered under the Plan. If the Plan Administrator in its sole discretion shall determine that claimant has not incurred a covered expense or that the benefit is not covered under the Plan, or if the claimant shall fail to furnish such proof as is requested, no benefits shall be payable under the Plan.

Under the Plan, there are three types of claims: Pre-service Non-urgent, Concurrent Care and Post-service.

Pre-service Claims:

A "Pre-service Claim" is a claim for a benefit under the Plan where the Plan conditions receipt of the benefit, in whole or in part, on approval of the benefit in advance of obtaining medical care.

A "Pre-service Urgent Care Claim" is any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations could seriously jeopardize the life or health of the claimant or the claimant's ability to regain maximum function, or, in the opinion of a physician with knowledge of the claimant's medical condition, would subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

It is important to remember that, if a claimant needs medical care for a condition which could seriously jeopardize his life, there is no need to contact the Plan for prior approval. The claimant should obtain such care without delay.

Further, since the Plan does not require the claimant to obtain approval of a medical service prior to getting treatment in an urgent care situation, there are no "Pre-service Urgent Care Claims" under the Plan. The claimant simply follows the Plan's procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

Concurrent Claims:

A "Concurrent Claim" arises when the Plan has approved an on-going course of treatment to be provided over a period of time or number of treatments, and either (a) the Plan determines that the course of treatment should be reduced or terminated, or (b) the claimant requests extension of the course of treatment beyond that which the Plan has approved.

If the Plan does not require the claimant to obtain approval of a medical service prior to getting treatment, then there is no need to contact the Plan Administrator to request an extension of a course of treatment. The claimant simply follows the Plan's procedures with respect to any notice which may be required after receipt of treatment, and files the claim as a Post-service Claim.

Post-service Claims:

A "Post-service Claim" is a claim for a benefit under the Plan after the services have been rendered.

A Pre-service Non-Urgent Care Claim (including a Concurrent Claim that also is a Pre-service Non-Urgent Care Claim) is considered to be filed when the request for approval of treatment or services is made and

received by the Claims Administrator in accordance with the Plan's procedures. However, a Post-service Claim is considered to be filed in accordance with the section, "How to Submit a Claim", above.

Upon receipt of this information, the claim will be deemed to be filed with the Plan. The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested as provided herein. This additional information must be received by the Claims Administrator within 45 days from receipt by the claimant of the request for additional information. **Failure to do so may result in claims being declined or reduced.**

When Claims Should Be Filed

Post-service Claims should be filed with the Claims Administrator within 365 days following the date the charge for the services were incurred. Benefits are based upon the Plan's provisions at the time the charges were incurred. Charges are considered to be incurred when a treatment or care is given or a procedure is performed, or a supply is furnished or received. Except in the case of legal incapacity of the claimant, **claims which are filed later than this date will be denied.**

A Pre-service Claim (including a Concurrent Claim that also is a Pre-service Claim) is considered to be filed when the request for approval of treatment or services is made and received by the Claims Administrator in accordance with the Plan's procedures.

Upon receipt of the required information, the claim will be deemed to be filed with the Plan. The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested as provided herein. This additional information must be received by the Claims Administrator within 45 days from receipt by the covered person of the request for additional information. **Failure to do so may result in claims being declined or reduced.**

Timing of Claim Decisions

The Plan Administrator shall notify the claimant, in accordance with the provisions set forth below, of any adverse benefit determination (and, in the case of Pre-service Claims and Concurrent Claims, of decisions that a claim is payable in full) within the following timeframes:

Pre-service Non-urgent Care Claims:

If the claimant has provided all of the information needed to process the claim, in a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15-day extension period.

If the claimant has not provided all of the information needed to process the claim, then the claimant will be notified as to what specific information is needed as soon as possible, but not later than 5 days after receipt of the claim. The claimant will be notified of a determination of benefits in a reasonable period of time appropriate to the medical circumstances, either prior to the end of the extension period (if additional information was requested during the initial processing period), or by the date agreed to by the Plan Administrator and the claimant (if additional information was requested during the extension period).

Concurrent Claims:

Plan Notice of Reduction or Termination. If the Plan Administrator is notifying the claimant of a reduction or termination of a course of treatment (other than by Plan amendment or termination), before the end of such period of time or number of treatments. The claimant will be notified sufficiently in advance of the reduction or termination to allow the claimant to appeal and obtain a determination on review of that adverse benefit determination before the benefit is reduced or terminated.

Request by Claimant Involving Non-urgent Care. If the Plan Administrator receives a request from the claimant to extend the course of treatment beyond the period of time or number of treatments that is a claim not involving Urgent Care, the request will be treated as a new benefit claim and decided within the timeframe appropriate to the type of claim (either as a Pre-service Non-urgent Claim or a Post-service Claim).

Post-service Claims:

If the claimant has provided all of the information needed to process the claim, in a reasonable period of time, but not later than 30 days after receipt of the claim, unless an extension has been requested, then prior to the end of the 15-day extension period.

If the claimant has not provided all of the information needed to process the claim and additional information is requested during the initial processing period, then the claimant will be notified of a determination of benefits prior to the end of the extension period, unless additional information is requested during the extension period, then the claimant will be notified of the determination by a date agreed to by the Plan Administrator and the claimant.

Extensions – Pre-service Non-urgent Care Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the claimant, prior to the expiration of the initial 15-day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

Extensions – Post-service Claims. This period may be extended by the Plan for up to 15 days, provided that the Plan Administrator both determines that such an extension is necessary due to matters beyond the control of the Plan and notifies the claimant, prior to the expiration of the initial 30-day processing period, of the circumstances requiring the extension of time and the date by which the Plan expects to render a decision.

Calculating Time Periods. The period of time within which a benefit determination will be made shall begin at the time a claim is deemed to be filed in accordance with the procedures of the Plan.

Notification of an Adverse Benefit Determination

The Plan Administrator shall provide a claimant with a notice, either in writing or electronically, containing the following information:

1. A reference to the specific portion(s) of the Plan Document and Summary Plan Description upon which a denial is based;
2. Specific reason(s) for a denial;
3. A description of any additional information necessary for the claimant to perfect the claim and an explanation of why such information is necessary;
4. A description of the Plan's review procedures and the time limits applicable to the procedures, including a statement of the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse benefit determination on final review;
5. A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records and other information relevant to the claimant's claim for benefits;
6. The identity of any medical or vocational experts consulted in connection with a claim, even if the Plan did not rely upon their advice (or a statement that the identity of the expert will be provided, upon request);
7. Any rule, guideline, protocol or similar criterion that was relied upon in making the determination (or a statement that it was relied upon and that a copy will be provided to the claimant, free of charge, upon request); and

8. In the case of denials based upon a medical judgment (such as whether the treatment is medically necessary or experimental), either an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, or a statement that such explanation will be provided to the claimant, free of charge, upon request.

Appeal of Adverse Benefit Determinations

Full and Fair Review of All Claims

In cases where a claim for benefits is denied, in whole or in part, and the claimant believes the claim has been denied wrongly, the claimant may appeal the denial and review pertinent documents. The claims procedures of this Plan provide a claimant with a reasonable opportunity for a full and fair review of a claim and adverse benefit determination. More specifically, the Plan provides:

1. Claimants at least 180 days following receipt of a notification of an initial adverse benefit determination within which to appeal the determination and 60 days to appeal a second adverse benefit determination;
2. Claimants the opportunity to submit written comments, documents, records, and other information relating to the claim for benefits;
3. For a review that does not afford deference to the previous adverse benefit determination and that is conducted by the Plan Administrator, who shall be neither the individual who made the adverse benefit determination that is the subject of the appeal, nor the subordinate of such individual;
4. For a review that takes into account all comments, documents, records, and other information submitted by the claimant relating to the claim, without regard to whether such information was submitted or considered in any prior benefit determination;
5. That, in deciding an appeal of any adverse benefit determination that is based in whole or in part upon a medical judgment, the Plan Administrator shall consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment, who is neither an individual who was consulted in connection with the adverse benefit determination that is the subject of the appeal, nor the subordinate of any such individual;
6. For the identification of medical or vocational experts whose advice was obtained on behalf of the Plan in connection with a claim, even if the Plan did not rely upon their advice; and
7. That a claimant will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits in possession of the Plan Administrator or the Claims Administrator; information regarding any voluntary appeals procedures offered by the Plan; any internal rule, guideline, protocol or other similar criterion relied upon in making the adverse determination; and an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances.

First Appeal Level

Requirements for First Appeal

The covered person must file the first appeal in writing within 180 days following receipt of the notice of an adverse benefit determination. To file an appeal in writing, the covered person's appeal **must** be addressed as follows, and mailed or faxed as follows:

Insurance Systems, Inc.
P.O. Box 2175
Monroe, LA 71207
Phone: 800-255-8730
Fax: (318) 322-4078

It shall be the responsibility of the covered person to submit proof that the claim for benefits is covered and payable under the provisions of the Plan. Any appeal must include:

- The name of the employee/covered person;
- The employee/covered person's social security number;
- The group name or identification number;
- All facts and theories supporting the claim for benefits. **Failure to include any theories or facts in the appeal will result in their being deemed waived. In other words, the covered person will lose the right to raise factual arguments and theories which support this claim if the covered person fails to include them in the appeal;**
- A statement in clear and concise terms of the reason or reasons for disagreement with the handling of the claim; and
- Any material or information that the covered person has which indicates that the covered person is entitled to benefits under the Plan.

If the covered person provides all of the required information, it may be that the expenses will be eligible for payment under the Plan.

Timing of Notification of Benefit Determination on First Appeal

The Plan Administrator shall notify the covered person of the Plan's benefit determination on review within the following timeframes:

- Pre-service Non-urgent Care Claims: Within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the appeal.
- Concurrent Claims: The response will be made in the appropriate time period based upon the type of claim – pre-service non-urgent or post-service.
- Post-service Claims: Within a reasonable period of time, but not later than 30 days after receipt of the appeal.
- Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time an appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on First Appeal

The Plan Administrator shall provide a covered person with notification, in writing or electronically, of a Plan's adverse benefit determination on review, setting forth:

- The specific reason or reasons for the denial;
- Reference to the specific portion(s) of the summary plan description on which the denial is based;
- The identity of any medical or vocational experts consulted in connection with the claim, even if the Plan did not rely upon their advice;
- A statement that the covered person is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the covered person's claim for benefits;

- If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination, a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the adverse determination and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the covered person upon request;
- If the adverse benefit determination is based upon a medical judgment, a statement that an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the covered person's medical circumstances, will be provided free of charge upon request;
- A description of any additional information necessary for the covered person to perfect the claim and an explanation of why such information is necessary;
- A description of the Plan's review procedures and the time limits applicable to the procedures;
- A statement of the covered person's right to bring an action under section 502(a) of ERISA, following an adverse benefit determination on final review; and
- The following statement: "You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your state insurance regulatory agency."

Furnishing Documents in the Event of an Adverse Determination

In the case of an adverse benefit determination on review, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in items 3 through 6 of the section relating to "Manner and Content of Notification of Adverse Benefit Determination on First Appeal" as appropriate.

Second Appeal Level

Adverse Decision on First Appeal; Requirements for Second Appeal

Upon receipt of notice of the Plan's adverse decision regarding the first appeal, the covered person has 60 days to file a second appeal of the denial of benefits. The covered person again is entitled to a "full and fair review" of any denial made at the first appeal, which means the covered person has the same rights during the second appeal as he or she had during the first appeal. As with the first appeal, the covered person's second appeal must be in writing and must include all of the items set forth in the section entitled "Requirements for First Appeal."

Timing of Notification of Benefit Determination on Second Appeal

The Plan Administrator shall notify the covered person of the Plan's benefit determination on review within the following timeframes:

- Pre-service Non-urgent Care Claims: Within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after receipt of the second appeal.
- Concurrent Claims: The response will be made in the appropriate time period based upon the type of claim – pre-service non-urgent or post-service.
- Post-service Claims: Within a reasonable period of time, but not later than 30 days after receipt of the second appeal.
- Calculating Time Periods. The period of time within which the Plan's determination is required to be made shall begin at the time the second appeal is filed in accordance with the procedures of this Plan, without regard to whether all information necessary to make the determination accompanies the filing.

Manner and Content of Notification of Adverse Benefit Determination on Second Appeal

The same information must be included in the Plan's response to a second appeal as a first appeal, except for:

- A description of any additional information necessary for the covered person to perfect the claim and an explanation of why such information is needed; and
- A description of the Plan's review procedures and the time limits applicable to the procedures. See the section entitled "Manner and Content of Notification of Adverse Benefit Determination on First Appeal."

Furnishing Documents in the Event of an Adverse Determination

In the case of an adverse benefit determination on the second appeal, the Plan Administrator shall provide such access to, and copies of, documents, records, and other information described in items 3 through 6 of the section relating to "Manner and Content of Notification of Adverse Benefit Determination on First Appeal" as is appropriate.

Decision on Second Appeal to be Final

If, for any reason, the covered person does not receive a written response to the appeal within the appropriate time period set forth above, the covered person may assume that the appeal has been denied. The decision by the Plan Administrator or other appropriate named fiduciary of the Plan on review will be final, binding and conclusive and will be afforded the maximum deference permitted by law. **All claim review procedures provided for in the Plan must be exhausted before any legal action is brought. Any legal action for the recovery of any benefits must be commenced within one year after the Plan's claim review procedures have been exhausted.**

Appointment of Authorized Representative

A Covered Person is permitted to appoint an authorized representative to act on his behalf with respect to a benefit claim or appeal of a denial. An assignment of benefits by a Covered Person to a provider of service will not constitute appointment of that provider as an authorized representative. To appoint such a representative, the Covered Person must complete a form which can be obtained from the Plan Administrator or the Claims Administrator. However, in connection with a claim involving urgent care, the Plan will permit a health care professional with knowledge of the Covered Person's medical condition to act as the Covered Person's authorized representative without completion of this form. In the event a Covered Person designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Covered Person, unless the Covered Person directs the Plan Administrator, in writing, to the contrary.

Provider of Service Appeal Rights

A Covered Person may appoint the provider of service as the Authorized Representative with full authority to act on his or her behalf in the appeal of a denied claim. An assignment of benefits by a Covered Person to a provider of service will not constitute appointment of that provider as an Authorized Representative. However, in an effort to ensure a full and fair review of the denied claim, and as a courtesy to a provider of service that is not an Authorized Representative, the Plan will consider an appeal received from the provider in the same manner as a claimant's appeal, and will respond to the provider and the claimant with the results of the review accordingly. Any such appeal from a provider of service must be made within the time limits and under the conditions for filing an appeal specified under the section, "Full and Fair Review of Claims", above. **Providers requesting such appeal rights under the Plan must agree to pursue reimbursement for Covered Charges directly from the Plan, waiving any right to recover such expenses from the claimant, and comply with the conditions of the section, "Requirements for Appeal", above.**

For purposes of this section, the provider's waiver to pursue Covered Charges does not include the following amounts, which will remain the responsibility of the claimant:

- Deductibles;
 - Copayments;
 - Coinsurance;
 - Penalties for failure to comply with the terms of the Plan;
 - Charges for services and supplies which are not included for coverage under the Plan,
- and
- Amounts which are in excess of any stated Plan maximums or limits. **Note: this does not apply to amounts found to be in excess of Applicable Plan Limits, as defined in the section, "Claim Review and Audit Program".** The claimant will not be held responsible for any amounts found to be in excess of Applicable Plan Limits.

For purposes of this Plan provision, if a provider indicates on a Form UB or on a Form HCFA (or similar claim form) that the provider has an assignment of benefits, then the Plan will require no further evidence that benefits are legally assigned to that provider. Contact the Claims Administrator or the Plan Administrator for additional information regarding provider of service appeals

COORDINATION OF BENEFITS

Coordination of the benefit plans. Coordination of benefits sets out rules for the order of payment of Covered Charges when two or more plans -- including Medicare -- are paying. When a Covered Person is covered by this Plan and another plan, or the Covered Person's Spouse is covered by this Plan and by another plan or the couple's Covered children are covered under two or more plans, the plans will coordinate benefits when a claim is received.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance up to each one's plan formula minus whatever the primary plan paid. This is called non-duplication of benefits. The total reimbursement will never be more than the amount that would have been paid if the secondary plan had been the primary plan -- 50% or 80% or 100% -- whatever it may be. The balance due, if any, is the responsibility of the Covered Person.

Benefit plan. This provision will coordinate the medical and dental benefits of a benefit plan. The term benefit plan means this Plan or any one of the following plans:

- (1) Group or group-type plans, including franchise or blanket benefit plans.
- (2) Blue Cross and Blue Shield group plans.
- (3) Group practice and other group prepayment plans.
- (4) Federal government plans or programs. This includes, but is not limited to, Medicare and Tricare.
- (5) Other plans required or provided by law. This does not include Medicaid or any benefit plan like it that, by its terms, does not allow coordination.
- (6) No Fault Auto Insurance, by whatever name it is called, when not prohibited by law.

Allowable Charge. For a charge to be allowable it must be a Usual and Reasonable Charge and at least part of it must be covered under this Plan.

In the case of HMO (Health Maintenance Organization) or other in-network only plans: This Plan will not consider any charges in excess of what an HMO or network provider has agreed to accept as payment in full. Also, when an HMO or network plan is primary and the Covered Person does not use an HMO or network provider, this Plan will not consider as an Allowable Charge any charge that would have been covered by the HMO or network plan had the Covered Person used the services of an HMO or network provider.

In the case of service type plans where services are provided as benefits, the reasonable cash value of each service will be the Allowable Charge.

Automobile limitations. When medical payments are available under vehicle insurance, the Plan shall always be considered the secondary carrier regardless of the individual's election under PIP (personal injury protection) coverage with the auto carrier.

Benefit plan payment order. When two or more plans provide benefits for the same Allowable Charge, benefit payment will follow these rules:

- (1) Plans that do not have a coordination provision, or one like it, will pay first. Plans with such a provision will be considered after those without one.
- (2) Plans with a coordination provision will pay their benefits up to the Allowable Charge:
 - (a) The benefits of the plan which covers the person directly (that is, as an employee, member or subscriber) ("Plan A") are determined before those of the plan which covers the person as a dependent ("Plan B").
 - (b) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers that person as a

laid-off or Retired Employee. The benefits of a benefit plan which covers a person as a Dependent of an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers a person as a Dependent of a laid off or Retired Employee. If the other benefit plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule does not apply.

- (c) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired or a Dependent of an Employee who is neither laid off nor retired are determined before those of a plan which covers the person as a COBRA beneficiary.
 - (d) When a child is covered as a Dependent and the parents are not separated or divorced, these rules will apply:
 - (i) The benefits of the benefit plan of the parent whose birthday falls earlier in a year are determined before those of the benefit plan of the parent whose birthday falls later in that year;
 - (ii) If both parents have the same birthday, the benefits of the benefit plan which has covered the parent for the longer time are determined before those of the benefit plan which covers the other parent.
 - (e) When a child's parents are divorced or legally separated, these rules will apply:
 - (i) This rule applies when the parent with custody of the child has not remarried. The benefit plan of the parent with custody will be considered before the benefit plan of the parent without custody.
 - (ii) This rule applies when the parent with custody of the child has remarried. The benefit plan of the parent with custody will be considered first. The benefit plan of the stepparent that covers the child as a Dependent will be considered next. The benefit plan of the parent without custody will be considered last.
 - (iii) This rule will be in place of items (i) and (ii) above when it applies. A court decree may state which parent is financially responsible for medical and dental benefits of the child. In this case, the benefit plan of that parent will be considered before other plans that cover the child as a Dependent.
 - (iv) If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined above when a child is covered as a Dependent and the parents are not separated or divorced.
 - (v) For parents who were never married to each other, the rules apply as set out above as long as paternity has been established.
 - (f) If there is still a conflict after these rules have been applied, the benefit plan which has covered the patient for the longer time will be considered first. When there is a conflict in coordination of benefit rules, the Plan will never pay more than 50% of Allowable Charges when paying secondary.
- (3) Medicare will pay primary, secondary or last to the extent stated in federal law. When Medicare would be the primary payer if the person had enrolled in Medicare, this Plan will base its payment upon benefits that would have been paid by Medicare under Parts A and B regardless of whether or not the person was enrolled under any of these parts. The Plan reserves the right to coordinate benefits with respect to Medicare Part D. The Plan Administrator will make this determination based on the information available through CMS. If CMS does not provide sufficient information to determine the amount Medicare would pay, the Plan Administrator will make reasonable assumptions based on published Medicare fee schedules.

- (4) If a Plan Participant is under a disability extension from a previous benefit plan, that benefit plan will pay first and this Plan will pay second.
- (5) The Plan will pay primary to Tricare and a State child health plan to the extent required by federal law.

Claims determination period. Benefits will be coordinated on a Calendar Year basis. This is called the claims determination period.

Right to receive or release necessary information. To make this provision work, this Plan may give or obtain needed information from another insurer or any other organization or person. This information may be given or obtained without the consent of or notice to any other person. A Covered Person will give this Plan the information it asks for about other plans and their payment of Allowable Charges.

Facility of payment. This Plan may repay other plans for benefits paid that the Plan Administrator determines it should have paid. That repayment will count as a valid payment under this Plan.

Right of recovery. This Plan may pay benefits that should be paid by another benefit plan. In this case this Plan may recover the amount paid from the other benefit plan or the Covered Person. That repayment will count as a valid payment under the other benefit plan.

Further, this Plan may pay benefits that are later found to be greater than the Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid.

Exception to Medicaid. In accordance with ERISA, the Plan shall not take into consideration the fact that an individual is eligible for or is provided medical assistance through Medicaid when enrolling an individual in the Plan or making a determination about the payments for benefits received by a Covered Person under the Plan.

THIRD PARTY RECOVERY PROVISION

RIGHT OF SUBROGATION AND REFUND

When this provision applies. The Covered Person may incur medical or dental charges due to Injuries which may be caused by the act or omission of a Third Party or a Third Party may be responsible for payment. In such circumstances, the Covered Person may have a claim against that Third Party, or insurer, for payment of the medical or dental charges. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any rights the Covered Person may have to Recover payments from any Third Party or insurer. This Subrogation right allows the Plan to pursue any claim which the Covered Person has against any Third Party, or insurer, whether or not the Covered Person chooses to pursue that claim. The Plan may make a claim directly against the Third Party or insurer, but in any event, the Plan has a lien on any amount Recovered by the Covered Person whether or not designated as payment for medical expenses. This lien shall remain in effect until the Plan is repaid in full.

The payment for benefits received by a Covered Person under the Plan shall be made in accordance with the assignment of rights by or on behalf of the Covered Person as required by Medicaid.

In any case in which the Plan has a legal liability to make payments for benefits received by a Covered Person, to the extent that payment has been made through Medicaid, the payment for benefits under the Plan shall be made in accordance with any state law that has provided that the state has acquired the rights of the Covered Person to the payments of those benefits.

The Covered Person:

- (1) automatically assigns to the Plan his or her rights against any Third Party or insurer when this provision applies; and
- (2) must repay to the Plan the benefits paid on his or her behalf out of the Recovery made from the Third Party or insurer.

Amount subject to Subrogation or Refund. The Covered Person agrees to recognize the Plan's right to Subrogation and reimbursement. These rights provide the Plan with a 100%, first dollar priority over any and all Recoveries and funds paid by a Third Party to a Covered Person relative to the Injury or Sickness, including a priority over any claim for non-medical or dental charges, attorney fees, or other costs and expenses. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any and all rights the Covered Person may have to recover payments from any responsible third party. Further, accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan the Covered Person's Third Party Claims.

Notwithstanding its priority to funds, the Plan's Subrogation and Refund rights, as well as the rights assigned to it, are limited to the extent to which the Plan has made, or will make, payments for medical or dental charges as well as any costs and fees associated with the enforcement of its rights under the Plan. The Plan reserves the right to be reimbursed for its court costs and attorneys' fees if the Plan needs to file suit in order to Recover payment for medical or dental expenses from the Covered Person. Also, the Plan's right to Subrogation still applies if the Recovery received by the Covered Person is less than the claimed damage, and, as a result, the claimant is not made whole.

When a right of Recovery exists, the Covered Person will execute and deliver all required instruments and papers as well as doing whatever else is needed to secure the Plan's right of Subrogation as a condition to having the Plan make payments. In addition, the Covered Person will do nothing to prejudice the right of the Plan to Subrogate.

Conditions Precedent to Coverage. The Plan shall have no obligation whatsoever to pay medical or dental benefits to a Covered Person if a Covered Person refuses to cooperate with the Plan's reimbursement and Subrogation rights or refuses to execute and deliver such papers as the Plan may require in furtherance of its reimbursement and Subrogation rights. Further, in the event the Covered Person is a minor, the Plan shall have no obligation to pay any medical or dental benefits incurred on account of Injury or Sickness caused by a responsible Third Party until after the Covered Person or his authorized legal representative obtains valid court recognition and approval of the Plan's 100%, first dollar reimbursement and Subrogation rights on all

Recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Defined terms: "Covered Person" means anyone covered under the Plan, including minor dependents.

"Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid to the Covered Person by way of judgment, settlement, or otherwise to compensate for all losses caused by the Injury or Sickness, whether or not said losses reflect medical or dental charges covered by the Plan. "Recoveries" further includes, but is not limited to, recoveries for medical or dental expenses, attorneys' fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages and any other recovery of any form of damages or compensation whatsoever.

"Refund" means repayment to the Plan for medical or dental benefits that it has paid toward care and treatment of the Injury or Sickness.

"Subrogation" means the Plan's right to pursue and place a lien upon the Covered Person's claims for medical or dental charges against the other person.

"Third Party" means any Third Party including another person or a business entity.

Recovery from another plan under which the Covered Person is covered. This right of Refund also applies when a Covered Person Recovers under an uninsured or underinsured motorist plan (which will be treated as Third Party coverage when reimbursement or Subrogation is in order), homeowner's plan, renter's plan, medical malpractice plan or any liability plan.

Rights of Plan Administrator. The Plan Administrator has a right to request reports on and approve of all settlements.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Under federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), certain Employees and their families covered under Richardson Medical Center Employee Health Plan (the Plan) will be entitled to the opportunity to elect a temporary extension of health coverage (called "COBRA continuation coverage") where coverage under the Plan would otherwise end. This notice is intended to inform Plan Participants and beneficiaries, in summary fashion, of their rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law.

The Plan Administrator is Richardson Medical Center, 254 Hwy 3048 Christian Drive, Rayville, LA 71269 (318) 728-8326. The Plan Administrator is responsible for administering COBRA continuation coverage. Complete instructions on COBRA, as well as election forms and other information, will be provided by the Plan Administrator or its designee to Plan Participants who become Qualified Beneficiaries under COBRA.

What is COBRA continuation coverage? COBRA continuation coverage is the temporary extension of group health plan coverage that must be offered to certain Plan Participants and their eligible family members (called "Qualified Beneficiaries") at group rates. The right to COBRA continuation coverage is triggered by the occurrence of a life event that results in the loss of coverage under the terms of the Plan (the "Qualifying Event"). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated active employees who have not experienced a Qualifying Event (in other words, similarly situated non-COBRA beneficiaries).

Who can become a Qualified Beneficiary? In general, a Qualified Beneficiary can be:

- (1) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered Employee, the Spouse of a covered Employee, or a Dependent child of a covered Employee. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (2) Any child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, and any individual who is covered by the Plan as an alternate recipient under a qualified medical support order. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.

The term "covered Employee" includes any individual who is provided coverage under the Plan due to his or her performance of services for the employer sponsoring the Plan (e.g., common-law employees (full or part-time), self-employed individuals, independent contractor, or corporate director). However, this provision does not establish eligibility of these individuals. Eligibility for Plan Coverage shall be determined in accordance with Plan Eligibility provisions.

An individual is not a Qualified Beneficiary if the individual's status as a covered Employee is attributable to a period in which the individual was a nonresident alien who received from the individual's Employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason, an individual is not a Qualified Beneficiary, then a Spouse or Dependent child of the individual will also not be considered a Qualified Beneficiary by virtue of the relationship to the individual. A domestic partner is not a Qualified Beneficiary.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

What is a Qualifying Event? A Qualifying Event is any of the following if the Plan provided that the Plan participant would lose coverage (i.e.: cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (1) The death of a covered Employee.
- (2) The termination (other than by reason of the Employee's gross misconduct), or reduction of hours, of a covered Employee's employment.
- (3) The divorce or legal separation of a covered Employee from the Employee's Spouse. If the Employee reduces or eliminates the Employee's Spouse's Plan coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a Qualifying Event even though the Spouse's coverage was reduced or eliminated before the divorce or legal separation.
- (4) A covered Employee's enrollment in any part of the Medicare program.
- (5) A Dependent child's ceasing to satisfy the Plan's requirements for a Dependent child (for example, attainment of the maximum age for dependency under the Plan).

If the Qualifying Event causes the covered Employee, or the covered Spouse or a Dependent child of the covered Employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event, the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of COBRA are also met. For example, any increase in contribution that must be paid by a covered Employee, or the Spouse, or a Dependent child of the covered Employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

The taking of leave under the Family and Medical Leave Act of 1993 ("FMLA") does not constitute a Qualifying Event. A Qualifying Event will occur, however, if an Employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost.) Note that the covered Employee and family members will be entitled to COBRA continuation coverage even if they failed to pay the employee portion of premiums for coverage under the Plan during the FMLA leave.

What factors should be considered when determining to elect COBRA continuation coverage? You should take into account that a failure to continue your group health coverage will affect your rights under federal law. First, you can lose the right to avoid having pre-existing condition exclusions applied by other group health plans if there is more than a 63-day gap in health coverage and election of COBRA continuation coverage may help you avoid such a gap. Second, if you do not elect COBRA continuation coverage and pay the appropriate premiums for the maximum time available to you, you will lose the right to convert to an individual health insurance policy, which does not impose such pre-existing condition exclusions. Finally, you should take into account that you have special enrollment rights under federal law (HIPAA). You have the right to request special enrollment in another group health plan for which you are otherwise eligible (such as a plan sponsored by your Spouse's employer) within 30 days after Plan coverage ends due to a Qualifying Event listed above. You will also have the same special right at the end of COBRA continuation coverage if you get COBRA continuation coverage for the maximum time available to you.

What is the procedure for obtaining COBRA continuation coverage? The Plan has conditioned the availability of COBRA continuation coverage upon the timely election of such coverage. An election is timely if it is made during the election period.

What is the election period and how long must it last? The election period is the time period within which the Qualified Beneficiary must elect COBRA continuation coverage under the Plan. The election period must begin not later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and ends 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date notice is provided to the Qualified Beneficiary of her or his right to elect COBRA continuation coverage. If coverage is not elected within the 60 day period, all rights to elect COBRA continuation coverage are forfeited.

Note: If a covered employee who has been terminated or experienced a reduction of hours qualifies for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 2002, and the employee and his or her covered dependents have not elected COBRA coverage within the normal election period, a second opportunity to elect COBRA coverage will be made available for themselves and certain family members, but only within a limited period of 60 days or less and only during the six months immediately after their group health plan coverage ended. Any person who qualifies or thinks that he and/or his family members may qualify for assistance under this special provision should contact the Plan Administrator for further information.

The Trade Act of 2002 also created a tax credit for certain TAA-eligible individuals and for certain retired employees who are receiving pension payments from the Pension Benefit Guaranty Corporation (PBGC) (eligible individuals). Under the new tax provisions, eligible individuals can either take a tax credit or get advance payment of 65% of premiums paid for qualified health insurance, including continuation coverage. Recent changes in the law increased this assistance temporarily to 80%, and temporarily extended the period of COBRA continuation coverage for eligible individuals. If you have questions about these new tax provisions, you may call the Health Coverage Tax Credit Consumer Contact Center toll-free at 1-866-628-4282. TTD/TTY callers may call toll-free at 1-866-626-4282. More information about the Trade Act is also available at www.doleta.gov/tradeact.

Is a covered Employee or Qualified Beneficiary responsible for informing the Plan Administrator of the occurrence of a Qualifying Event? The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator or its designee has been timely notified that a Qualifying Event has occurred. The employer (if the employer is not the Plan Administrator) will notify the Plan Administrator of the Qualifying Event within 30 days following the date coverage ends when the Qualifying Event is:

- (1) the end of employment or reduction of hours of employment,
- (2) death of the employee,
- (3) commencement of a proceeding in bankruptcy with respect to the employer, or
- (4) enrollment of the employee in any part of Medicare.

IMPORTANT:

For the other Qualifying Events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you or someone on your behalf must notify the Plan Administrator or its designee in writing within 60 days after the Qualifying Event occurs, using the procedures specified below. If these procedures are not followed or if the notice is not provided in writing to the Plan Administrator or its designee during the 60-day notice period, any spouse or dependent child who loses coverage will not be offered the option to elect continuation coverage. You must send this notice to the Plan Sponsor.

NOTICE PROCEDURES:

Any notice that you provide must be ***in writing***. Oral notice, including notice by telephone, is not acceptable. You must mail, fax or hand-deliver your notice to the person, department or firm listed below, at the following address:

Richardson Medical Center
254 Hwy 3048 Christian Drive
Rayville, Louisiana 71269

If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state:

- the **name of the plan or plans** under which you lost or are losing coverage,
- the **name and address of the employee** covered under the plan,
- the **name(s) and address(es) of the Qualified Beneficiary(ies)**, and
- the **Qualifying Event** and the **date** it happened.

If the Qualifying Event is a **divorce or legal separation**, your notice must include **a copy of the divorce decree or the legal separation agreement**.

Be aware that there are other notice requirements in other contexts, for example, in order to qualify for a disability extension.

Once the Plan Administrator or its designee receives ***timely notice*** that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage for their spouses, and parents may elect COBRA continuation coverage on behalf of their children. For each Qualified Beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that plan coverage would otherwise have been lost. If you or your spouse or dependent children do not elect continuation coverage within the 60-day election period described above, the right to elect continuation coverage will be lost.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights? If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the Plan Administrator or its designee, as applicable.

Is COBRA coverage available if a Qualified Beneficiary has other group health plan coverage or Medicare? Qualified beneficiaries who are entitled to elect COBRA continuation coverage may do so even if they are covered under another group health plan or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a Qualified Beneficiary's COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare or becomes covered under other group health plan coverage (but only after any applicable preexisting condition exclusions of that other plan have been exhausted or satisfied).

When may a Qualified Beneficiary's COBRA continuation coverage be terminated? During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (1) The last day of the applicable maximum coverage period.
- (2) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.

- (3) The date upon which the Employer ceases to provide any group health plan (including a successor plan) to any employee.
- (4) The date, after the date of the election, that the Qualified Beneficiary first becomes covered under any other Plan that does not contain any exclusion or limitation with respect to any pre-existing condition, other than such an exclusion or limitation that does not apply to, or is satisfied by, the Qualified Beneficiary.
- (5) The date, after the date of the election, that the Qualified Beneficiary first enrolls in the Medicare program (either part A or part B, whichever occurs earlier).
- (6) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) (i) 29 months after the date of the Qualifying Event, or (ii) the first day of the month that is more than 30 days after the date of a final determination under Title II or XVI of the Social Security Act that the disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer disabled, whichever is earlier; or
 - (b) the end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated non-COBRA beneficiaries, for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage? The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below:

- (1) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends 18 months after the Qualifying Event if there is not a disability extension and 29 months after the Qualifying Event if there is a disability extension.
- (2) In the case of a covered Employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries other than the covered Employee ends on the later of:
 - (a) 36 months after the date the covered Employee becomes enrolled in the Medicare program; or
 - (b) 18 months (or 29 months, if there is a disability extension) after the date of the covered Employee's termination of employment or reduction of hours of employment.
- (3) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, the maximum coverage period is the maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.
- (4) In the case of any other Qualifying Event than that described above, the maximum coverage period ends 36 months after the Qualifying Event.

Under what circumstances can the maximum coverage period be expanded? If a Qualifying Event that gives rise to an 18-month or 29-month maximum coverage period is followed, within that 18- or 29-month

period, by a second Qualifying Event that gives rise to a 36-months maximum coverage period, the original period is expanded to 36 months, but only for individuals who are Qualified Beneficiaries at the time of and with respect to both Qualifying Events. In no circumstance can the COBRA maximum coverage period be expanded to more than 36 months after the date of the first Qualifying Event. The Plan Administrator must be notified of the second Qualifying Event within 60 days of the second Qualifying Event. This notice must be sent to the Plan Sponsor in accordance with the procedures above.

How does a Qualified Beneficiary become entitled to a disability extension? A disability extension will be granted if an individual (whether or not the covered Employee) who is a Qualified Beneficiary in connection with the Qualifying Event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of COBRA continuation coverage. To qualify for the disability extension, the Qualified Beneficiary must also provide the Plan Administrator with notice of the disability determination on a date that is both within 60 days after the date of the determination and before the end of the original 18-month maximum coverage. This notice should be sent to the Plan Sponsor in accordance with the procedures above.

Does the Plan require payment for COBRA continuation coverage? For any period of COBRA continuation coverage under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Qualified beneficiaries will pay up to 102% of the applicable premium and up to 150% of the applicable premium for any expanded period of COBRA continuation coverage covering a disabled Qualified Beneficiary due to a disability extension. The Plan will terminate a Qualified Beneficiary's COBRA continuation coverage as of the first day of any period for which timely payment is not made.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments? Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage? Timely Payment means a payment made no later than 30 days after the first day of the coverage period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered employees or Qualified Beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the Employer and the entity that provides Plan benefits on the Employer's behalf, the Employer is allowed until that later date to pay for coverage of similarly situated non-COBRA beneficiaries for the period.

Notwithstanding the above paragraph, the Plan does not require payment for any period of COBRA continuation coverage for a Qualified Beneficiary earlier than 45 days after the date on which the election of COBRA continuation coverage is made for that Qualified Beneficiary. Payment is considered made on the date on which it is postmarked to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan's requirement for the amount to be paid, unless the Plan notifies the Qualified Beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A "reasonable period of time" is 30 days after the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10% of the required amount.

IF YOU HAVE QUESTIONS

If you have questions about your COBRA continuation coverage, you should contact the Plan Sponsor. For more information about your rights under ERISA, including COBRA, the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA). Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website at www.dol.gov/ebsa.

KEEP YOUR PLAN ADMINISTRATOR INFORMED OF ADDRESS CHANGES

In order to protect your family's rights, you should keep the Plan Administrator informed of any changes in the addresses of family members. You should also keep a copy, for your records, of any notices you send to the Plan Administrator.

RESPONSIBILITIES FOR PLAN ADMINISTRATION

PLAN ADMINISTRATOR. Richardson Medical Center Employee Health Plan is the benefit plan of Richardson Medical Center, the Plan Administrator, also called the Plan Sponsor. It is to be administered by the Plan Administrator in accordance with the provisions of ERISA. An individual or committee may be appointed by Richardson Medical Center to be Plan Administrator and serve at the convenience of the Employer. If the Plan Administrator or a committee member resigns, dies or is otherwise removed from the position, Richardson Medical Center shall appoint a new Plan Administrator as soon as reasonably possible.

The Plan Administrator shall administer this Plan in accordance with its terms and establish its policies, interpretations, practices, and procedures. It is the express intent of this Plan that the Plan Administrator shall have maximum legal discretionary authority to construe and interpret the terms and provisions of the Plan, to make determinations regarding issues which relate to eligibility for benefits, to decide disputes which may arise relative to a Plan Participant's rights, and to decide questions of Plan interpretation and those of fact relating to the Plan. The decisions of the Plan Administrator will be final and binding on all interested parties.

Service of legal process may be made upon the Plan Administrator.

DUTIES OF THE PLAN ADMINISTRATOR.

- (1) To administer the Plan in accordance with its terms.
- (2) To interpret the Plan, including the right to remedy possible ambiguities, inconsistencies or omissions.
- (3) To decide disputes which may arise relative to a Plan Participant's rights.
- (4) To prescribe procedures for filing a claim for benefits and to review claim denials.
- (5) To keep and maintain the Plan documents and all other records pertaining to the Plan.
- (6) To appoint a Claims Supervisor to pay claims.
- (7) To perform all necessary reporting as required by ERISA.
- (8) To establish and communicate procedures to determine whether a medical child support order is qualified under ERISA Sec. 609.
- (9) To delegate to any person or entity such powers, duties and responsibilities as it deems appropriate.

PLAN ADMINISTRATOR COMPENSATION. The Plan Administrator serves **without** compensation; however, all expenses for plan administration, including compensation for hired services, will be paid by the Plan.

FIDUCIARY. A fiduciary exercises discretionary authority or control over management of the Plan or the disposition of its assets, renders investment advice to the Plan or has discretionary authority or responsibility in the administration of the Plan.

FIDUCIARY DUTIES. A fiduciary must carry out his or her duties and responsibilities for the purpose of providing benefits to the Employees and their Dependent(s), and defraying reasonable expenses of administering the Plan. These are duties which must be carried out:

- (1) with care, skill, prudence and diligence under the given circumstances that a prudent person, acting in a like capacity and familiar with such matters, would use in a similar situation;
- (2) by diversifying the investments of the Plan so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and
- (3) in accordance with the Plan documents to the extent that they agree with ERISA.

THE NAMED FIDUCIARY. A "named fiduciary" is the one named in the Plan. A named fiduciary can appoint others to carry out fiduciary responsibilities (other than as a trustee) under the Plan. These other persons become fiduciaries themselves and are responsible for their acts under the Plan. To the extent that the named fiduciary allocates its responsibility to other persons, the named fiduciary shall not be liable for any act or omission of such person unless either:

- (1) the named fiduciary has violated its stated duties under ERISA in appointing the fiduciary, establishing the procedures to appoint the fiduciary or continuing either the appointment or the procedures; or
- (2) the named fiduciary breached its fiduciary responsibility under Section 405(a) of ERISA.

CLAIMS SUPERVISOR IS NOT A FIDUCIARY. A Claims Supervisor is **not** a fiduciary under the Plan by virtue of paying claims in accordance with the Plan's rules as established by the Plan Administrator.

COMPLIANCE WITH HIPAA PRIVACY STANDARDS. Certain members of the Employer's workforce perform services in connection with administration of the Plan. In order to perform these services, it is necessary for these employees from time to time to have access to Protected Health Information (as defined below).

Under the Standards for Privacy of Individually Identifiable Health Information (45 CFR Part 164, the "Privacy Standards"), these employees are permitted to have such access subject to the following:

- (1) **General.** The Plan shall not disclose Protected Health Information to any member of the Employer's workforce unless each of the conditions set out in this HIPAA Privacy section is met. "Protected Health Information" shall have the same definition as set out in the Privacy Standards but generally shall mean individually identifiable health information about the past, present or future physical or mental health or condition of an individual, including information about treatment or payment for treatment.
- (2) **Permitted Uses and Disclosures.** Protected Health Information disclosed to members of the Employer's workforce shall be used or disclosed by them only for purposes of Plan administrative functions. The Plan's administrative functions shall include all Plan payment and health care operations. The terms "payment" and "health care operations" shall have the same definitions as set out in the Privacy Standards, but the term "payment" generally shall mean activities taken with respect to payment of premiums or contributions, or to determine or fulfill Plan responsibilities with respect to coverage, provision of benefits, or reimbursement for health care. "Health care operations" generally shall mean activities on behalf of the Plan that are related to quality assessment; evaluation, training or accreditation of health care providers; underwriting, premium rating and other functions related to obtaining or renewing an insurance contract, including stop-loss insurance; medical review; legal services or auditing functions; or business planning, management and general administrative activities. Genetic information will not be used or disclosed for underwriting purposes.
- (3) **Authorized Employees.** The Plan shall disclose Protected Health Information only to members of the Employer's workforce who are designated and are authorized to receive such Protected Health Information, and only to the extent and in the minimum amount necessary for these persons to perform duties with respect to the Plan. For purposes of this HIPAA Privacy section, "members of the Employer's workforce" shall refer to all employees and other persons under the control of the Employer.
 - (a) **Updates Required.** The Employer shall amend the Plan promptly with respect to any changes in the members of its workforce who are authorized to receive Protected Health Information.
 - (b) **Use and Disclosure Restricted.** An authorized member of the Employer's workforce who receives Protected Health Information shall use or disclose the Protected Health Information only to the extent necessary to perform his or her duties with respect to the Plan.

- (c) **Resolution of Issues of Noncompliance.** In the event that any member of the Employer's workforce uses or discloses Protected Health Information other than as permitted by the Privacy Standards, the incident shall be reported to the privacy official. The privacy official shall take appropriate action, including:
- (i) Investigation of the incident to determine whether the breach occurred inadvertently, through negligence, or deliberately; whether there is a pattern of breaches; and the degree of harm caused by the breach;
 - (ii) Applying appropriate sanctions against the persons causing the breach, which, depending upon the nature of the breach, may include, oral or written reprimand, additional training, or termination of employment;
 - (iii) Mitigating any harm caused by the breach, to the extent practicable; and
 - (iv) Documentation of the incident and all actions taken to resolve the issue and mitigate any damages.
- (4) **Certification of Employer.** The Employer must provide certification to the Plan that it agrees to:
- (a) Not use or further disclose the Protected Health Information other than as permitted or required by the Plan documents or as required by law;
 - (b) Ensure that any agent or subcontractor, to whom it provides Protected Health Information received from the Plan, agrees to the same restrictions and conditions that apply to the Employer with respect to such information;
 - (c) Not use or disclose Protected Health Information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Employer;
 - (d) Report to the Plan any use or disclosure of the Protected Health Information of which it becomes aware that is inconsistent with the uses or disclosures hereunder or required by law;
 - (e) Make available Protected Health Information to individual Plan members in accordance with Section 164.524 of the Privacy Standards;
 - (f) Make available Protected Health Information for amendment by individual Plan members and incorporate any amendments to Protected Health Information in accordance with Section 164.526 of the Privacy Standards;
 - (g) Make available the Protected Health Information required to provide any accounting of disclosures to individual Plan members in accordance with Section 164.528 of the Privacy Standards;
 - (h) Make its internal practices, books and records relating to the use and disclosure of Protected Health Information received from the Plan available to the Department of Health and Human Services for purposes of determining compliance by the Plan with the Privacy Standards;
 - (i) If feasible, return or destroy all Protected Health Information received from the Plan that the Employer still maintains in any form, and retain no copies of such information when no longer needed for the purpose of which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information unfeasible; and
 - (j) Ensure the adequate separation between the Plan and member of the Employer's workforce, as required by Section 164.504(f)(2)(iii) of the Privacy Standards.

The following members of Richardson Medical Center's workforce are designated as authorized to receive Protected Health Information from Richardson Medical Center Employee Health Plan ("the Plan") in order to perform their duties with respect to the Plan: President and Human Resources.

COMPLIANCE WITH HIPAA ELECTRONIC SECURITY STANDARDS. Under the Security Standards for the Protection of Electronic Protected Health Information (45 CFR Part 164.300 et. seq., the "Security Standards"), the Employer agrees to the following:

- (1) The Employer agrees to implement reasonable and appropriate administrative, physical and technical safeguards to protect the confidentiality, integrity and availability of Electronic Protected Health Information that the Employer creates, maintains or transmits on behalf of the Plan. "Electronic Protected Health Information" shall have the same definition as set out in the Security Standards, but generally shall mean Protected Health Information that is transmitted by or maintained in electronic media.
- (2) The Employer shall ensure that any agent or subcontractor to whom it provides Electronic Protected Health Information shall agree, in writing, to implement reasonable and appropriate security measures to protect the Electronic Protected Health Information.
- (3) The Employer shall ensure that reasonable and appropriate security measures are implemented to comply with the conditions and requirements set forth in Compliance With HIPAA Privacy Standards provisions (3) Authorized Employees and (4) Certification of Employers described above.

FUNDING THE PLAN AND PAYMENT OF BENEFITS

The cost of the Plan is funded as follows:

For Employee and Dependent Coverage: Funding is derived from the funds of the Employer and contributions made by the covered Employees.

The level of any Employee contributions will be set by the Plan Administrator. These Employee contributions will be used in funding the cost of the Plan as soon as practicable after they have been received from the Employee or withheld from the Employee's pay through payroll deduction.

Benefits are paid directly from the Plan through the Claims Supervisor.

PLAN IS NOT AN EMPLOYMENT CONTRACT

The Plan is not to be construed as a contract for or of employment.

CLERICAL ERROR

Any clerical error by the Plan Administrator or an agent of the Plan Administrator in keeping pertinent records or a delay in making any changes will not invalidate coverage otherwise validly in force or continue coverage validly terminated. An equitable adjustment of contributions will be made when the error or delay is discovered.

If, an overpayment occurs in a Plan reimbursement amount, the Plan retains a contractual right to the overpayment. The person or institution receiving the overpayment will be required to return the incorrect amount of money. In the case of a Plan Participant, the amount of overpayment may be deducted from future benefits payable.

AMENDING AND TERMINATING THE PLAN

If the Plan is terminated, the rights of the Plan Participants are limited to expenses incurred before termination.

The Employer reserves the right, at any time, to amend, suspend or terminate the Plan in whole or in part. This includes amending the benefits under the Plan or the Trust agreement (if any).

CERTAIN PLAN PARTICIPANTS RIGHTS UNDER ERISA

Plan Participants in this Plan are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA specifies that all Plan Participants shall be entitled to:

Examine, without charge, at the Plan Administrator's office, all Plan documents and copies of all documents governing the Plan, including a copy of the latest annual report (form 5500 series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

Obtain copies of all Plan documents and other Plan information upon written request to the Plan Administrator. The Plan Administrator may make a reasonable charge for the copies.

Continue health care coverage for a Plan Participant, Spouse, or other dependents if there is a loss of coverage under the Plan as a result of a Qualifying Event. Employees or dependents may have to pay for such coverage.

Review this summary plan description and the documents governing the Plan or the rules governing COBRA continuation coverage rights.

Reduction or elimination of exclusionary periods of coverage for Pre-Existing Conditions under this group health Plan, if an Employee or dependent has Creditable Coverage from another plan. The Employee or dependent should be provided a certificate of Creditable Coverage, free of charge, from the group health plan or health insurance issuer when coverage is lost under the plan, when a person becomes entitled to elect COBRA continuation coverage, when COBRA continuation coverage ceases, if a person requests it before losing coverage, or if a person requests it up to 24 months after losing coverage. Without evidence of Creditable Coverage, a Plan Participant may be subject to a Pre-Existing Conditions exclusion for 12 months (18 months for Late Enrollees) after the Enrollment Date of coverage.

If a Plan Participant's claim for a benefit is denied or ignored, in whole or in part, the participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

Under ERISA, there are steps a Plan Participant can take to enforce the above rights. For instance, if a Plan Participant requests a copy of Plan documents or the latest annual report from the Plan and does not receive them within 30 days, he or she may file suit in a federal court. In such a case, the court may require the Plan Administrator to provide the materials and to pay the Plan Participant up to \$110 a day until he or she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If the Plan Participant has a claim for benefits which is denied or ignored, in whole or in part, the participant may file suit in state or federal court.

In addition, if a Plan Participant disagrees with the Plan's decision or lack thereof concerning the qualified status of a medical child support order, he or she may file suit in federal court.

In addition to creating rights for Plan Participants, ERISA imposes obligations upon the individuals who are responsible for the operation of the Plan. The individuals who operate the Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Plan Participants and their beneficiaries. No one, including the Employer or any other person, may fire a Plan Participant or otherwise discriminate against a Plan Participant in any way to prevent the Plan Participant from obtaining benefits under the Plan or from exercising his or her rights under ERISA.

If it should happen that the Plan fiduciaries misuse the Plan's money, or if a Plan Participant is discriminated against for asserting his or her rights, he or she may seek assistance from the U.S. Department of Labor, or may file suit in a federal court. The court will decide who should pay court costs and legal fees. If the Plan Participant is successful, the court may order the person sued to pay these costs and fees. If the Plan Participant loses, the court may order him or her to pay these costs and fees, for example, if it finds the claim or suit to be frivolous.

If the Plan Participant has any questions about the Plan, he or she should contact the Plan Administrator. If the Plan Participant has any questions about this statement or his or her rights under ERISA, including COBRA or the Health Insurance Portability and Accountability Act (HIPAA), and other laws affecting group health plans, that Plan Participant should contact either the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) or visit the EBSA website at www.dol.gov/ebsa/. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

GENERAL PLAN INFORMATION

TYPE OF ADMINISTRATION

The Plan is a self-funded group health Plan and the administration is provided through a Third Party Claims Supervisor. The funding for the benefits is derived from the funds of the Employer and contributions made by covered Employees. The Plan is not insured.
